## **Iraq War**

**Wilson voted for the Authorization for Use of Military Force Against Iraq Resolution of 2002 that started the Iraq War** (which was for Israel as well in accordance with the 'A Clean Break' agenda – access the 'A Clean Break' link at the upper right side of <http://neoconzionistthreat.com>).

Rep. Wilson voted in favor of a similar resolution in support of Israel in the House of Representatives, H.R. 392, as did the rest of the South Carolina delegation. Rep. Wilson is a member of the **House Israel** (first!) **Caucus**, and the first of the current South Carolina delegation to join.

Rep. Joe Wilson mentioned in the following Justin Raimondo article as well:

## Senator Hollings Is Right

Congressman Joe Wilson always (rightfully so) reminds US to remember 9/11 when he finishes his speeches on the House floor but never conveys the primary motivation (US support for Israel's brutal oppression of the Palestinians) for the tragic attack on the World Trade Center on 9/11 and earlier in 1993 as well:

US support for Israel's brutal oppression of the Palestinians PRIMARY MOTIVATION for tragic attacks on the World Trade Center in 1993 and on 9/11 as well (look up 'Israel as a terrorist's motivation' in index of James Bamford's 'A Pretext for War' book & check out the following youtube videos!):

Unless we all learn to respect one and other; especially the President of these United States, we are setting a very bad images of America! As the President address this country, he should have had every bit of our Senators and Representatives attention and above all respect... especially in the setting it was in. Joe Wilson has indeed tarnish his name, his image and cause those of his party to stay “arm-length” from him. No matter wheather or not you like the President or not; you respect him because this is what is exspected of all of us. Yes, he made good sense....healthcare is a money-making and it has robbed our Seniors out of millions of dollars. We all stand at the brink of falling over the bad bills in healthcare in years gone by and it is has long been time for the healthcare bill be passed! Many last night might not agree with President Obama's speech on healthcare...but they gave him their attention and so should....Joe Wilson. He is not worthy of calling himself Representative because he stood in the path of a President who tried to give America what is really deserving! Thank You!

You have got to be kidding me???? After this Barn Raised Republican apologizes he needs to resign his position. He is nothing but a childish ill behaved idiot.

That is a perfect example of the kind of attitude the Repulicans have, name calling with no substance of their own. I hope we replay this over and over again so we can be reminded how immature the Republican party has become!

It is nice that Wilson called the White House to appologize to the president but Wilson should appologize directly to the American people (on TV). This kind of polarized, knee-jerk, fanatic reaction is spreading like wild-fire in America amongst the milling masses – both Democrats and Republicans. Wilson’s public demonstration of this ignorant, disrespectful way of behaving lends creadance to this type of behavior by validating it because he said it on TV while millions and millions of people were watching what was supposed to be a dignified, civil proposal by our President. No one is being forced to agree, we are only being asked to be polite and have some dignity.

Obama was and is lying about the Health Care Bill not covering Illegal aliens, but then again, with his upcoming immigration bill there won’t be any illegal aliens now will there??

Obama has been lying all along, and filling the pockets of the wealthiest in the world while neglecting the American people.

Sticks and stones ...

Can’t take the heat ...

The truth hurts

Don’t get all wee wee’d up

Politicians want to be treated like royalty, but that’s why we had a revolution.
