inability of "qualified" journalists to observe the presence of Ron Paul. His fellow candidates acknowledged him. I am an Obama supporter. I just want an interesting discussion. You are ignoring a guy who was acknowledged by his fellow candidates. You are ignoring a guy who is consistently polling neck-and-neck with Romney in Iowa and competitive with Gingrich as the non-Romney in New Hampshire (there is a whole libertarian thing called the "free state" movement that you may have missed. Actually, I am very sure you missed it. Do your homework. If you are not quite up to your job, I am among the very well educated part of the ninety nine percent who could be of assistance to you.

...this was two SEPARATE polls. (both of which Ron Paul pwned)

FIRST was DURING the debate, asking "who is doing best??"

SECOND was AFTER, asking "who won??"

Take this STUPID post down.

These are two different polls folks... you are getting hyped up about nothing. Read the questions. One was for during the debate and the other one was for after the debate.
