AIPAC Zionists - the Archenemy of the American Nation

AIPAC Zionists - the Archenemy of the American Nation

The habitual pilgrimage to kiss the ring of the “*Khazar conspiracy*” is upon us once again. The late great and trustworthy friend [Alan Stang](#) sheds light on the political movement called Zionism. “Presumably the Jews in Israel are Zionists, or they would leave. But there are only a few million Israelis. In the United States, there are scores of millions of Christians in mainline churches who are Zionists and who support Israel as staunchly as any Israeli, with funds as well as prayer.” He continues, “Consider that tens of thousands of Jews not only are not Zionists; they fervently oppose Zionism. They believe that Zionism is condemned by Holy Scripture.”

Within this context, the only way to view the American Israel Public Affairs Committee is as a pressure group that favors the political interests of a foreign nation at the expense of our own nation. The hordes of heretic Christian Zionists disgrace themselves because they cling to a false interpretation of scripture and are oblivious to the best self-interests of their own country.

Therefore, it comes with no surprise that the

MIDDLE EAST POLICY

AIPAC [Treason Fest](#) shouts clearly, "Hey goys and girls, it's that time of year again. Yup, it's time for your so-called representatives in whore House and Senate to engage in the annual bacchanalian/sodomite freak show known as the AIPAC Policy Conference that runs from May 22-24 in downtown *WashingTelAvivton*."

If you think this is a racial issue, you would be wrong. Over at Black Voices the [AIPAC'S ABUSE OF US TAXPAYERS MONEY](#) article warns of the lack of truth in advertising.

"For many years AIPAC has falsely advertised Israel as a democratic state that best serves U.S. interests in a turbulent and unpredictable part of the world, covering up Israel's suppression of human rights and its very nature as a state premised on fanatic militarism, racial segregation and injustice, contrary to the supposed "shared values" with the "West" that AIPAC has fed to the American public so effectively with its well-oiled media machine and its unmatched power of intimidation as well as suppression of debate and dissent by anyone who dares to slightly step out of line and question the "Israel-first" agenda."

Is this assessment correct? You know in your heart it is, but most are too sheepish to verbalize any criticism of Israel.

In the [AIPAC 101 - What Every American Should Know](#) video, Anthony Lawson provides a brilliant analysis of the basics. Then watch the strong sentiments of Brother Nathanael in [AIPAC's Prelude To Treason 2011](#) for an assessment from a former Jewish heritage cleric.

Now evaluate, in Veterans Today, the perceptive [Philip Giraldi](#) summary.

"AIPAC operates by forcing all American politicians at a national level to respond to various positions supported by the Israel Lobby. Congressional candidates are carefully screened for their views on the Middle East and are coached to modify positions that are regarded as unacceptable. Those who pass the test are then vetted on their degree of reliability and, if approved, become recipients of good press from AIPAC's friends in the media and cash contributions from the numerous PACs that have been set up to support the pro-Israel agenda.

Once in office, the politicians are bombarded with AIPAC position papers, with visits from AIPAC representatives, and are expected to conform completely to the positions taken by the organization. That is why resolutions in congress relating to Israel generally receive nearly unanimous approval no matter how frivolous or injurious to the US national interest."

Next watch the incomparable Paul Craig Roberts explain how ['AIPAC purchases US elections'](#). Finally, [AIPAC: The Voice of America](#) YouTube tops off the case against this unholy alliance.

[Gilad Atzmon](#) offers up this insight. "When analyzing the work and influence of AIPAC within American politics it is the Book of Esther that we should bear in mind. AIPAC is more than a mere political lobby. AIPAC is a modern-day Mordechai, the AJC is modern-day Mordechai. Both AIPAC and AJC are inherently in line with the Hebrew Biblical school of thought. However, while the Mordechais are relatively easy to spot, the Esthers, those who act for Israel behind the scenes, are slightly more difficult to trace."

However, not all Jews are zealot Zionists.

[Ira Chernus](#) cites from a recent poll, [J Street National Survey of American Jews](#). A few of the most striking findings:

- 82% want the U.S. to "play an active role" in the Israel-Palestine peace process
- 71% want the U.S. to exert pressure on both sides to make compromises for peace
- Fully half stick want U.S. involvement even if it means the U.S. exerting pressure on Israel alone to make compromises
- Asked whether U.S. criticisms of Israel should be made in public, more Jews say "yes" than "no"
- Asked to name the TWO most important issues facing our country, only 10% put Israel on their short list

Mr. Chernus concludes, "That does not sound like a community ready to use its political clout to "stand with Israel" no matter what the Jewish state does. It sounds

like a community that identifies as American more than as Jewish."

Yet for AIPAC supporters, that there will be a price to be paid as reported in the [WSJ](#) article, [Jewish Donors Warn Obama on Israel](#). By endorsing the Palestinians' demand for their future state to be based on the borders that existed before the 1967 Middle East war, President Barack Obama risks the wrath of the lobby. Do not be fooled. Obama will fall in line when the cries for bowing to Israel multiply where it counts.

In [Veterans Today](#), Alan Hart discloses the fifth column of puppets that give cover to the AIPAC treachery.

"With most Republicans who run for election to Congress now as willing as most Democrats to speak from Zionism's script in order to secure Zionist lobby organized campaign funds and votes, it can be taken for granted that the applause Netanyahu will receive in Congress for his propagandist nonsense will match that he'll get at AIPAC's convention. The truth can be simply stated. On matters to do with Israel-Palestine, it is not the Congress of the United States of America. **It's the Congress of Zionism and its deluded Christian fundamentalist allies.**"

The stake in the heart for America comes from sycophants like Glenn Beck. His recent deranged diatribes worshiping Israel on FAUX News should sicken any sane American. Back in the 1960's, establishment suck ups would shout out "America love it or leave it". The proper response was "change it or lose it". What you have today is a congregation of Christian Zionists that are so devoted to their divalent heresy that they are willing to use their apostate as a rationalization to sacrifice the security of America for the heretical doctrine of political Zionism.

Watch the crazed [Beck video](#) where he earns his pay, as he deceives his naive supporters. Then view Beck embracing [Pastor Hagee's Sermon on Israel](#). Hagee epitomizes the deepest sickness and distrust that any believer in Jesus Christ should have for Christian Zionists. Both demonstrate their total and complete devotion to a political regime, which is a root cause that is destroying America.

The emphasis on source references is intended to motivate research into the enormous evidence that proves that Israel is no friend of ordinary Americans. Polite society once deemed criticism of dual loyalists anti-Semitic. Today common sense outrage and needed condemnation, over the crimes against humanity that Zionists

commit, is proven just and essential.

Lest you forget James Petras in [AIPAC on Trial](#) reminds you of the 2005 treason saga. The cover-up continues.

"The Franklin-AIPAC-Israeli investigation was more than a spy case. It involved the future of US-Middle East relations and more specifically whether the 'neo-cons' would be able to push the US into a military confrontation with Iran. Franklin was a top Pentagon analyst on Iran, with access to all the executive branch deliberations on Iran. AIPAC lobbying and information gathering was aggressively directed toward pushing the Israeli agenda on a US-Iranian confrontation against strong opposition in the State Department, CIA, military intelligence and field commanders."

Dazed Christian Zionists defends this kind of conduct. They seek an assimilation into the temple of a corrupt Talmud society. The Jewish Diaspora has a historic basis that AIPAC attempts to counter by seeking to wrap Israelis' with a phony victim status.

Zionism has discredited itself in the eyes of most of the world. Only those suffering from congenital bêtise or mind-controlled denial would favor a foreign country over your own nation. Since so many people who claim a Jewish heritage reject the xenophobic policies of Israel, what justification exists that could convey a superior status for Israel? A Zionist or a NeoCon would scam you, but a real American would laugh in their face.

As long as AIPAC renders loyalty to Israel over America, they are the archenemy of our country.
