Binnie the Rat Nitwityahoo.

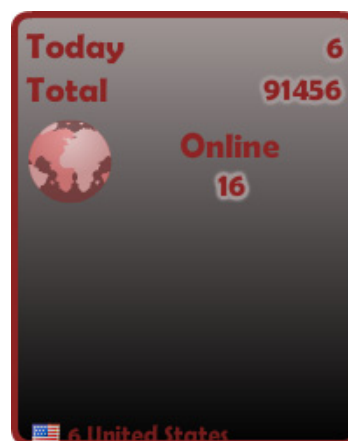

Dog Poet Transmitting.....

‘May your noses always be cold and wet’.

When it comes to pure evil, very few can compete with the Rothschilds and their gangster banking state of Israel. Nothing about that comment can be construed as anti-Semitic because there’s nothing Semitic about The Rothschilds or their agents; presently Binnie the Rat Nitwityahoo and his cadre of Satan worshipping shit-weasels. It’s long been known that at the Rothschilds dining table a chair is set aside for their master, Satan. The real Semitics are The Palestinians and

there is no greater anti-Semitism than that practiced by The Israelis against The Palestinians.

Here's a short primary about Satanism. It's the worship of the material plane and self-interest in respect of it. No greater example of materialism has been seen recently than that which came about in The Bolshevik Revolution, which was authored by the false Semites who founded modern day Israel, for the sole purpose of controlling the world's money supply and all media that shapes public perception of conditions and events. A main feature of applied Satanism is the sacrifice of living victims, for the purpose of gaining increased power on the material plane. This the Israelis and their predecessors have been practicing against The Palestinians for the last century. These blood offerings to a god of malice and bloodshed has been job one, since they first began to worship at the altar of the darkest force in human history.

Because of the power of materialism in our time, the force behind Israel has become preminent in the suasion of evil over human affairs, since before the last millennium. Because of the negative qualities active in the dark side of human nature, Israel stands as the greatest enemy of humanity that the world

Because of a collective cowardice, coupled with the ability to choose their representatives from the larger human pool of those so inclined to service, little can be done to combat the ugly state of present day affairs. Every apologist and servant of these satanic entities, shares in the judgment and destiny of these psychopaths.

The daily murder of Palestinians and anyone working in the defense of it, is part of a policy of applied blood magic, for the service of increased power, by those who are now outing themselves before the eyes of the world and now, with The Apocalypse, a greater force is rising to meet them and destroy them utterly. Witness what is taking place in Spain and what will soon sweep the planet as their actions and operations are revealed through the lifting of the veils. Nature has joined the fight and is centering her reactions upon the false Christians and other agents of repression and police state mentality, as well as those in the deep sleep of material stupor.

they are untouchable; such is not the case. Their doom is upon them and forces all around the world are rising up against them.

Do not ask yourself how these miscreants have been able to consolidate such power to themselves. They have done it by alignment with malefic forces that are deeply seated in the invisible and visible worlds. Through the use of magics in applied negative cabalism they have gained an avenue of telepathic invasion into the common mind of humanity. Now they are seeing that all of their efforts are to no avail, as the dike of darkness is being broken by the influx of light. When that force, which is known as The Avatar, comes to institute lasting change upon the planet, it begins to sweep before it all the entrenched entities that reside out of physical sight and pushes them outward on to the material plane, for the purpose of judgment. Here they are forced to hijack the bodies of the hypnotized and the willing in order to continue, in their efforts to bring an all pervading darkness upon the conditions of manifest life. It will not succeed and it never has. Eventually the cosmos steps in and turns every action on their part into exposure and defeat. They can see it coming but they have no comprehension of how or why. They believe that their enduring policies will allow them to

Nitwityahoo, along with his helpmates such as Ehud Barak and others have been in the forefront of 9/11 and all of the other terror attacks upon humanity. Binnie the Rat has been on site for several of these and they have managed to convince the sleeping world of the existence of a mythical Al Qaeda and a zombie straw man called Bin Laden. The purpose of these events was to gain enough of world opinion and to facilitate the rigged elections of useful idiots, to assist them in the elimination of Islam and what exists in terms of Christianity, for the goal of a complete breakdown in what moral climate remains for the good of humanity.

All of these agents of Satanism; admitted agnostics, trumpet a demonic religion where no actual religion exists, because there is no faith in any author of the same. They freely admit not believing in any of it. Regardless of the transparency of their malevolence and hypocrisy, the world continues with the mass of the population duped and controlled by the poisoned fodder of world propaganda.

turning of the age and no human agency, satanic or otherwise can stand against the transformations upon their doorstep. Automatically there has been a shift in the power to perform deception and disinfo. Something in the heart of humanity has awakened and the knowledge of who is responsible for their torment and imprisonment, is rising up and gaining all of the power previously allowed to the prisonmeisters of the past.

Everything they say and do is being translated in terms of real meaning, into the mind of the populace. Soon, the outbreak of mass protest and revolution is going to focus on the common target of distress. The old world is passing and the new world is arriving and all that serve what is passing are going to pass with it. As has been stated here many times, the reason that it has all been allowed to continue is so that it can be clearly and irrefutably seen, who they are that serve the enemies of humanity. All of the politicians, religions, corporations and various agents of the dark side are outing themselves daily in their policies and Draconian laws, designed to implement the will of that which is having its power to perform removed from it. Discoveries of what is true are being made manifest by the day. The absurdity and malicious cartooning of life, at the hands of fools, is being

There is nowhere to run and nowhere to hide. Critical mass approaches its point of potency and response. When that comes, the power to continue in evil will be withdrawn. Confusion and fear will ripple through the hearts and minds of all of those who serve the evil empire of transitioning darkness. It's a given and it's not the first time it has come to pass. RHYTHM

"Everything flows out and in;
everything has its tides;
all things rise and fall; the pendulum-
swing manifests
in everything; the measure of the
swing to the right,
is the measure of the swing to the
left; rhythm
compensates"--The Kybalion.

The great Fifth Hermetic Principle--
the Principle of Rhythm--embodies
the truth that in everything there is
manifested a measured motion; a to-
and-from movement; a flow and
inflow; a swing forward and
backward; a pendulum-like
movement; a tide-like ebb and flow;
a high-tide and a low- tide; between
the two-poles manifest on the
physical, mental or spiritual planes.
The Principle of rhythm is closely
connected with the Principle of
Polarity described in the preceding
chapter. Rhythm manifests between
the two poles established by the
Principle of Polarity. This does not
mean, however, that the pendulum
of Rhythm swings to the extreme
poles, for this rarely happens; in fact,
it is difficult to establish the extreme
polar opposites in the majority of
cases. But the swing is ever "toward"
first one pole and then the other.

There is always an action and
reaction; an advance and a retreat; a
rising and a sinking; manifested in
all of the airs and phenomena of the

Universe. Suns, worlds, men, animals, plants, minerals, forces, energy, mind and matter, yes, even Spirit, manifests this Principle. The Principle manifests in the creation and destruction of worlds; in the rise and fall of nations; in the life history of all things; and finally in the mental states of Man.

thanks for the reminder, les :)

It is almost time for the rats to scurry and hide! I posted in February about people in surrounding countries running towards the borders of Israel, and indeed, that occurred! Too bad thousands did not participate, because then Israel would have been over run in ONE DAY. That day is coming. The day when all see whom the culprit of our miseries is. It gains momentum by each and every thought and word expressed by those oppressed worldwide; by them naming the satanic entity Israel for all the world to see. Most Christians are just as guilty as the Zionists for their unwavering and unthinking support of these blood thirsty monsters! Again, GREAT ARTICLE!

One of "Binnie the Rat"'s many soul (less) brothers and left-hand man of Joseph Dzhugashvili a.k.a. Stalin (pronounced Jew Gash Vele, translated as Jewison(?)), hidden far too long and long past due for outing:

Lazar Kaganovich - a poseur semite (?); definitely a main (though very talentless) "author" of Bolshevism and a satanist; personally initiated and managed genocide of millions Ukrainian and Russian peasants (which is why the poseur semites in control of all media/education never reveal this demon's history):

Etymology:

Kaganovich is Russian language meaning Son of Kagan;

Kagan is Khazarian language meaning King.

Also, due to strong resemblance (add or subtract moustache), the question arises: are these two "beings" closely related (they share a similar last name, tribal, cabal affiliation, poseur cred, etc.)?

Why "false Christians"?

Christians are Christians. There is no "falseness" in that.

But do they follow the Teaching of Jesus?

Well, *of course* not.

They follow the Pharisaical, idolatrous, metaphysical doctrines of Paul.

So the problem is not with Christians. The problem is with what Christians 'think' that the term means in the first place: something that it does NOT mean.

Here's a perspective on Paul:

I do agree that Paul's doctrine pharisaical and directly contradicts Christ's message... I don't find Paul's claims to have stopped the brutal persecution of Christians to be credible - I think he just figured out a more insidious method to get power and control.

Nearly all present day interpretations of religious philosophy are acts of self interest in the garb of anthropomorphism.

Vis, All,

Very often, what Vis writes reminds me of Scripture... on this occasion I was reminded of some words from Pink Floyd's The Division Bell.

Father Creator often speaks to me through the media of His choice... on occasion it is Vis, on occasion it is music, on occasion it is weather

events or news events. Lately there has been a lot of weather and news events that Father has used to speak to me (this is in addition to the time I spend in His word - both written and manifested in Jesus each day).

Anyway, Pink Floyd's The Division Bell; the song is Coming Back to Life:

"While you were hanging yourself on someone else's words

Dying to believe in what you heard

I was staring straight into the shining sun (Son)

Lost in thought and lost in time

While the seeds of life and the seeds of change were planted

Outside the rain fell dark and slow

While I pondered on this dangerous but irresistible pastime

I took a heavenly ride through our silence

I knew the moment had arrived

For killing the past and coming back to life

I took a heavenly ride through our silence

I knew the waiting had begun

And headed straight into the shining sun (Son)"

(Credits to David Gilmour)

Same album, the song is Lost For Words:

"While you are wasting your time on your enemies,

Engulfed in a fever of spite
Beyond your tunnel vision reality
fades
Like shadows into the night

To martyr yourself to caution
Is not going to help at all
Because there will be no safety in
numbers
When the Right One walks out of the
door...."
(Gilmour again).

As Vis has pointed out, there is
nowhere to run and nowhere to hide.
The Right One will soon be walking
out of the door. Where you are when
this event occurs depends on where
you are at... as Vis has so often
pointed out.

I'll try and post a link to a drawing I
saw today that brought tears... it's by
mr. fish (I don't know anything
about him but love the drawing)

We are what we are according to our acts and if our acts are not consistent with the label than this is the true meaning of blasphemy. Gods children know who each other are because they all resonate at the same energy of love, compassion, harmony, and at times righteous anger towards the actions of the lower demonic level, soon to be extinguished, in this realm.

I love your work Vis and feel a kindred spirit at hand when I am immersed in your work. You are my kind of guy, which is exactly the opposite of what the establishment wants :o).

Just a little reminder to people to realize that what a person calls themselves is rarely indicative of who they are. This is why spiritual souls search for the truth, to seek out their true self and slay their demons, to draw them into harmony with the divine.

I consider myself a Christian because I have a very close relationship with Christ, but I also have a great love for my fellow man/woman, who have found the divine force through other mediums, such as Islam, Buddhism, Taoism, and the many other understandings which guide lost souls home.

Please realize that when a person calls them self a Christian and then they go out and rob, pillage, and steal, they are a deluded mind slave

To the dear readers of these Visible sites, please remember, we have won the war, however, there are still battles to be fought. 25 years ago, I saw it as a race for the souls. Those humans who are not armoured with love, those who serve the monster multinational corporations, politics, 'royal' bloodlines, or, who enlist in the military will lose their souls to the gaping maws of the zio/royal/debauched creatures we call politicians/bankers/princes/military big brass. It is up to us to protect those defenceless human souls who made certain choices in error. We aren't asked to fight on their behalf, however, we must be willing to give them some of our strength--through intent, good will, and positive action. And, we can use our connection with God to help us help them--not by proselytizing, but through love.

I have seen it in dreams--on

battlefields, in areas of mass destruction, the pure evil of these ogre-non-beings walking amongst the dying, sucking out the souls of humans, leaving the fallen and the defeated to die a horrible death. That is what primarily feeds these monsters. Yes, the monsters get a quick high from mass hysterical events, however, they also feed on souls--the younger, the better. These bastage monsters really do prefer young children. These bastages have no problem destroying our Mother Earth either, if they see their plans shatter into pieces.

Les is correct when he wrote: 'Do not ask yourself how these miscreants have been able to consolidate such power to themselves. They have done it by alignment with malefic forces that are deeply seated in the invisible and visible worlds.'

We have access to other, stronger sources of power. We can use them to save our fellow humans, and in doing so, we save ourselves.

Love.

exactly, wish I'd said that! Well I have but not that well. Me thinks of Netinfuckyou more in terms of a reptile than a rodent, but why quible? An inhuman piece of shit is an inhuman piece of shit by any name.

Les - With all that is and continues to be, reminds me of a film from the past .. The 7 Faces of Dr. Lao .. it is all a Charade .. the controlling psychopaths are hell bent putting we the people in a hypnotic state of confusion .. it seems to be working temporarily .. their worst enemy is the TRUTH which will in the end set us free.

Les Visible;

Haven't gone to your crack in the bell of liberty post yet - I just have ro praise the words you have channeled in this fantastic piece first.

Jesus Christ is the real beacon of light in the world. Your words in this post can only be understod as a direct stating of the truth, the light.

Bless you Visible for all that you give us freely with love, true love, free from worldly trappings. This post is truly one of your very, very best I have read since March 2007.

I am humbled to be able to read such gifts as these from you.

Thank you and may the Light continue to free your mind so you can impart these jewels to everyone who reads here.

Sincerely, Mouser

Let's just remeber, satan is not an ' Angel of Light'. The word tells us he can appear as one, but that does not make him one. He true nature will always come through sooner or later. He is a fallen, created being. He fell from the Grace of God/Yahweh becuase of his rebellion against God. He lost his position as an anointed Cherub leading the Choir of the Worship angels around the throne of Yah. So he inspires fallen beings now down here on earth with his perverted inspirations. Those humans, who are in allegiance to

him share the same fate he will. And the sooner the better. They all operate with a fallen nature.

Their day of reconing is coming and is at the door.

Woe to all ungodliness and to those who are practicing it without ever repenting of it.

Yahweh's a pretty bloodthirsty God. You might want to note that that name is an abbreviation of yod heh vah heh, the Tetragramaton. You might want to look it up.
