Saint John Hunt, recipient and custodian of father E. Howard Hunt's confession to participating in the LBJ-approved, CIA-orchestrated murder of JFK

*[Don't miss James Fetzer's talk [Who Killed JFK?](#) this Tuesday, November 22nd at the University of Wisconsin-Madison! Details [here.](#)]*

Of all the big lies told about the JFK assassination, perhaps the biggest is: “I guess we’ll never really know what happened.”

Bullshit! We *do* know.

Some of us know because we have studied the issue. Others, like Saint John Hunt, son of CIA executive and covert action agent E. Howard Hunt, know because they got it straight from the horse's mouth.

In 1979, as a 20-year-old undergraduate, I wrote an article for the Madison, WI *Daily Cardinal* compiling evidence that the CIA killed JFK.

Shortly after the article was submitted to a dozen or so publications, but *before* it was published, a woman appeared at my [house](#) and very politely announced she was a CIA-operated mind-control slave, brain wired with electrodes, whose job was to target enemies of the CIA for elimination.

The next day, I asked my politically-savvy journalism professor, [John T. McNelly](#), what was THAT about. He said, "They're just f\*\*ing with you, kid. They're trying to intimidate you."

[Saint John Hunt](#) knows how badly "they" can f\*\* with you. He helped his CIA-agent father Howard conceal money and documents during the Watergate scandal, and suffered the pain of [having his mother, Dorothy Hunt, blown out of the sky under circumstances that are far beyond suspicious.](#)

So Saint John Hunt gets my vote as one America's greatest [living](#) heroes, for having the guts to stand up and tell the truth about his father's confession to participating in the LBJ-approved, CIA-orchestrated assassination of John F. Kennedy.

His family didn't want him to do it, the lawyers didn't want him to do it, and of course the CIA didn't want him to do it. But Saint John Hunt chose to live up to his arrangement with his dying father, who apparently felt some ambivalent remorse about his participation in

"The Big Event" and, at the end of his life, asked his son to help expose the truth.

By doing so, Saint John Hunt is not only keeping faith with his father, but also keeping faith with his country and its tortured, slowly dying Constitution. And if you believe, as I do, that one of God's highest names is al-Haqq (truth/reality), Saint John Hunt is keeping faith on that level as well.

The murder of JFK was a terrible tragedy, a betrayal of America’s constitutional precepts and the rule of law, a betrayal of the American people. I was 16-17 when agents of the Sociopathic ruling class killed Kennedy. However... it was the public, tell-lie-vision execution of the patsy (Lee Harvey Oswald) a couple of days later that opened my eyes and radically changed my view on the reality of capitalist/fascist Amerika! When they killed Oswald while he was surrounded by 500 cops in the police garage in Dall-ass, Tex-ass, I damn well knew that everything is a lie! Everything! The murder of Oswald was a profound epiphany! “Oh well!” the boobtube propagan-duh pundits said. “Guess we won’t need a trial now!”

I call for open rebellion and general strikes in faster poo-food Amerika! I call for revolution against the Amerikan ruling class (and their children). And revolution is now finally in play. You (and ewe) can smell it!

WE THE PEOPLE... have had enough. We want a pound of flesh from Amerika's Super wealthy ruling class, and we want to roast that grreedy flesh over the flames of burning mansions! A time is coming when there will be no safe public roads for a Ferrari or a Mercedes because of guerrilla snipers born from Timothy McVeigh franchises. And riding in a limo will be seen as a suicidal act.

KENNEDY WAS GOING TO GET RID OF THE FED R AND HE HAD AKREADY ORDERED THE PRINTING OF OUR REAL DOLLAR BY THE US TREASURY. The elite could not make him mind them so he had to be murdered. His brother also was murdered by the thugs because they knew he was coming after them.

Also A retired FULL BIRD COLONEL that was in the pentagon for 12 to 15 years told me what was going to happen to the stock market. It was about 400 then and he told me it would go to around 5000 and then have the bust.HE told me the exact day that would happen. Then he said it would go to 14-15,000 and it would bust-then there would be a lot of sucker rallies to get all the middle classes money possible before they take it down to 1500 and possibly as low as 1000. HE SAID THE ELITE PLANS ON BREAKING EVERYONE. ALL THEY WANT LEFT AT THE END IS MULTI BILLIONAIRES. THIS IS THE TRUTH-THE WHOLE TRUTH SO HELP ME. GET WHAT YOU HAVE LEFT IN THE MARKETS OUT RIGHT NOW BEFORE YOU LOSE IT ALL.
