Iran accused of September 11 role Benjamin Weiser, Scott Shane
May 21, 2011

Explosive ... allegations have been made that Iran knew about the September 11 attacks in advance. Photo: Reuters

NEW YORK: *Two defectors from Iran's intelligence service have testified that Iranian officials knew in advance about the attacks of September 11, 2001, says a US court filing that seeks damages for Iran's direct support for, and sponsorship of, the most deadly act of terrorism in American history.*

One of the defectors also claimed that Iran was involved in designing the attacks, the filing said. The defectors' identities and testimony were not revealed in the filing but were being submitted to a judge under seal, said lawyers who brought the original suit against Iran on behalf of families of dozens of September 11 victims.

The suit says Iran and Hezbollah, the Lebanese militant group with close ties to Tehran, helped al-Qaeda with planning the attacks and with the hijackers' training and travel. After the attacks, the suit says, Iran and Hezbollah helped al-Qaeda operatives and their families to escape, in some cases providing them with a safe haven in Iran.

Advertisement: Story continues below The question of an Iranian connection to the attacks was raised by the national September 11 commission and has long been debated. Al-Qaeda, which adheres to a radical Sunni theology, routinely denounces the Shiite branch of Islam that holds power in Iran, and the terrorist network's branch in Iraq has often made Shiites targets of bombings. But intelligence officials have long believed there has been limited, wary co-operation between al-Qaeda and Iran against the US as a common enemy.

The lawsuit also names as defendants Iranian officials and ministries, as well as Hezbollah, al-Qaeda and the Taliban, among others. The families' lawyers have asked for a default judgment against the defendants, which have not responded to the suit. Even if there were such a judgment, legal experts say it would not be easy to collect monetary damages.

In their court papers, the lawyers assert that Imad Mugnyiah, as the military chief of Hezbollah, was a terrorist agent for Iran, and that he travelled to Saudi Arabia in 2000 to help with preparations for the September 11 attacks.

Mugnyiah, killed in 2008, had been accused by US officials of planning a series of terrorist

attacks and kidnappings, including the bombings of the US embassy and marine barracks in Lebanon in 1983.

The September 11 commission report said there was *strong evidence Iran facilitated the transit of al-Qaeda members into and out of Afghanistan before the attacks, and that some of these were future September 11 hijackers.*

But the commission said it had *found no evidence that Iran or Hezbollah was aware of the planning for what later became the September 11 attacks and that the topic requires further investigation by the US government.*

We know what kind of defectors

by Lima-P on 21.05.2011 [09:00]

these must have been. Truth to tell, it must have been Somalia behind 9/11. Come on folks. Grow up at long last. Now that dead OBL was finally given a burial, Iran is as good a candidate as any for scapegoat. Well, this piece of fiction will go the way of all flesh, too, I presume.

The 9/11 conspirators are starting to panic. This story run by the NYT about Iranian defectors blowing the whistle on Iran is an absurdity. The fact they have to stoop this low is an indication they are starting to feel the heat from the 9/11 truth movement and have decided to go on the offensive with a new batch of lies to try to implicate others in their crime of the century. And guess who? Iran and Hezbollah. Can you imagine Cheney standing down NORAD on instruction from an Iranian ayatollah? But still, some idiots out there will believe it! Probably the lunatic pastor John Hagee and his followers.

The ultimate target is Pakistan before the big Arab slaughter

by end_of_the_age_of_parasites on 21.05.2011 [15:18]

Pakistan administration is a Khazar slave yet the threat is there i.e; Nuke missile capability which can reach Israel. Iran has the same capacity. The current Iranian Government are in question.

The Khazars are looking for a Khazar friendly government in Iran , if this present government is removed soon then it will ultimately prove that it were not Khazar friendly.

The land between Euphrates and Nile has to be restored by the Antichrist in order to convince the Jews that their golden age and the messiah has arrived.

But there are millions of Arabs living in the land so they are to be demonized through a false flag operation and the wholesale killing will start with biological weapon and nuke which is scheduled In the mid 2012.

These psychopaths want to make sure that there will be no resistance from Iran and Pakistan. Pakistan is relatively easy to attack therefore they are looking for a friendly government in Iran.

The following saying of the Prophet has atleast 8 times by different narrator in Sahih Bukhari and Muslim therefore it is very important to analyze.

Narrated Zainab bint Jahsh: That the Prophet once came to her in a state of fear and said, "None has the right to be worshipped but Allah. Woe unto the Arabs from a danger that has come near. An opening has been made in the wall of Gog and Magog like this,"making a circle with his thumb and indexfinger.

Zainab bint Jahsh said, "O Allah's Apostle! Shall we be destroyed even though there are pious persons among us?" He said, "Yes, when the evil person will increase."

Sahih Bukhari

"Sidney Morning Herald" is owned by zionist Rupert Murdoch

Look at the author:

Benjamin Weiser = zionist motherfucker

How should Iran have known in advance of 9/11 ?

And if Iran would have known, what should they

have been doing about ?

Should Ahmedinejad have phoned Bush ?

"Hey Bushie boy, the WTC towers will soon come
down upon you !"

In my view, those baseless allegations only
serve to smear Iran.

But Iran is strong, far stronger than the zionists.

@tell that to syrian

by AntiZio on 22.05.2011 [05:46]

I posted the lecture by Imran Hosein here and he said Imran Hosein should listen to him instead. Imran Hosein has done good analysis and all what he predicted 15 years ago came to happen and now he predicts the attack on Pakistan to dismember it from nuke club before the slaughter of the arabs between the Nile and the Euphrates and the world can say WELCOME to Greater Shithole

@end_of_the_age_of_parasites, tell that to Syrian

by AntiZio on 22.05.2011 [06:18]

I think Syrian forgot there is something called prophecies or maybe he doesn't believe in such things :-)

I don't believe in prophecies

by Syrian on 22.05.2011 [08:53]

I only trust accurate analysis. Please tell us of his 15 years of accurate predictions (which would imply good analysis, not prophecy).

Anyway, everything is self-prophecising in some aspect so you better listen to me instead. :) We WILL win, the EU is finished, USA is finished, israhELL will go down the dustbin of history.

The arabs he's so scared about — we'll destroy them ourselves, at least the rulers and their collaborators. Everyone in Syria is swearing at the jArab. We hate them more than the israhellis now.

By the way AntiZio

by Syrian on 22.05.2011 [09:09]

We can end israhell right now, this guy has no idea what he's saying.

"State of the art" "Military power" etc. etc. he's just scaring people.

We are in a state of mutually assured destruction. As long as Syria stands, israhell's future is denied.

@ AntiZio: every one will take heed sooner or later

by end_of_the_age_of_parasites on 22.05.2011 [10:33]

I do some research on the GogMagog thing. Imran hosein is one of very few who understand the subject well and actively spreading the analysis.

We love to learn Nosterdamas , Mayan calender and any other prophesy but when it comes to the prophesy of our Prophet then we have a fever in our body and quickly reject it.

Prophesy doesn't control the event and our prophet do not have any control over it. He warned his people as he was informed by the creator.

I will time to time bring forth these interesting subject as I have the freedom and right of expressing like the others.

victory is on our side

Syrian..

by AntiZio on 22.05.2011 [11:30]

Imran Hosein wrote a book titled 'Jerusalam in the Quran' explained the deception of the modern age and destiny of Jerusalam. Imran Hosein aruged in 2001 that the invasion of Afghanistan was meant to attack Pakistan. Today we see it all happening, he argued Israhell will not wage her biggesgt war to replace US as the ruling state in the world until Pakistan's nukes are destroyed. So here you can see they are after pakistan.

The arab uprising is but the begining of the end. Israhell will not be destroyed until a man stands in Jerusalam claiming to be the messiah (but he will be the false messiah or antichrist)..so we still have events to unfold in the near future.

I'm not religious sorry

by Syrian on 22.05.2011 [12:19]

Anyway, he's correct about the invasion of pakistan, but they already had it by putting musharaaf in power.

I don't buy these stories, all these people waiting for events to come will turn into skeletons. Meanwhile, we have the pressure of the whole world on our backs and you bet we will destroy these scum.

The problem he has is not understanding the source of their power. They're not infinitely strong. Their USD-system is falling apart and THEY HAVE TO DO THESE MOVES. They are absolutely **desperate**. Victory is near, discard these fantasies and fight.

Sanctions Against Iraq, Syria and Egypt

by end_of_the_age_of_parasites on 22.05.2011 [14:56]

from :Muslim: Book 41, Number 6961:

Abu Nadra reported: We were in the company of Jabir b. 'Abdulldh that he said it may happen that the people of Iraq may not send their qafiz and dirhams (their measures of food stuff and their money). We said, "Who would be respolisible for it?" He said, "The non-Arabs would prevent them."

He again said, "There is the possibility that the people of Syria may not send their dinar and mudd." We said, "Who would be responsible for it?" He said, "This prevention would be made by the Romans."

He (Jabir b. Abdullab) kept quiet for a while and then reported Allah's Messenger (may peace be upon him) having said There would be a caliph in the last (period) of my Ummah who would freely give handfuls of wealth to the people without counting it.

I said to Abu Nadra and Abu al-'Ala, "DO you mean 'Umarb. 'Abd al-Aziz?" They said, "No (he would be Imam Mahdi)."

This Hadith is very interesting. It states that Iraq will be subjected to sanctions by non-Arabs whereby they will not export any food or money. The non-Arab part is fascinating since when the sanctions were against Iraq imposed in 1991, out of the 15 Security Council nations, Yemen, the only Arab country on the Council then, voted against the sanctions.

Then the Prophet talked about sanctions against Syria. A Dirham is like a dime and a Dinar is like a dollar. Hence, the sanctions against Syria will be to a lesser extent than those against Iraq.

The Prophet blamed the Syrian sanctions on the Romans (Europeans: the white race - US, UK and Australia and maybe others will join them).

The Prophet finally consoled the Muslims stating that these sanctions are indications of the end of the dark age and that the sanctions will be followed by a Khalifa that will not count money but give it by handfuls (or measures).

This hadis have a syrian connection therefore I have decided to present it. :)

We have been under sanctions for a long time

by Syrian on 22.05.2011 [17:12]

And when the world economy collapsed, we actually grew.

The reason is, in their great wisdom, the old Syrian governments successfully closed off the banking system to the world. Unfortunately, Bashaar in some naivete has listened to the Syrian bankers and opened up the system slightly. We only trade in tangible goods. Syria has no net debt.

The old system was built to last indefinite external pressure, we need to retain it. No, **strengthen it.**

I have found a OSAMA analysis with a real video where he denies 911 involvement

Iran accused of September 11 role! Now what ??

by end_of_the_age_of_parasites on 22.05.2011 [19:10]

Will USA or Israel or Nato or all of them going to attack Iran ? It seems very likely!! but how about the Shia government in IRAQ and in Afghanistan who were installed by Iran and USA together!!

If Iran is attacked will these shia alliance will be more stronger ? I think if Iran is attacked by any of these country the shia government of IRAQ and Afghanistan will simply stop collaborating the invading pigs.

So is it wise for Israel or USA to attack their best friend in the middle east ? Even if they attack Iran the question will be for what reason ? Iran has been cooperating these countries for years.

This is another smoke screen like Iran burning US flag , wiping out Israel from the map, Exis of evil by Bush , and now 911 connected to Iran.

While this is the hot topic they are slowly planing to destabilizing Pakistan. Thats another collaborator but since the majority is Sunni muslim sooner or later a righteous leader will come to power so its a threat.

But its also a difficult situation because invading pigs military supplies goes through Pakistan which is likely to be disrupted.

I am sure many still believe Iran will be attacked YES Iran will be attacked by the Afghans when they drive the invading pigs out of Afghanistan and thats very logical and who would blame Afghans for that ?

There are elements in Iran who are against the government and the policy... few of them and will be managed by the Iranian Illuminati Administration.
