## The Excavator

By Saman Mohammadi

July 24, 2011

As usual, new evidence and new information is emerging about the terror attacks in Oslo, Norway on Friday, July 22, that raises suspicions that the event was orchestrated by secret Mossad, CIA and NATO forces.

I call them the coalition of the killing.

Investigative journalist Wayne Madsen reported on Sunday, July 24, that Anders Behring Breivik, the so called lone gunman behind the attacks, has ties with freemasonry and espouses the Zionist agenda. Madsen writes:

*Anders Behring Breivik is suspect in massacre of over 80 at Labour Party Youth camp on Norwegian island and downtown Oslo bombing. Breivik is being called a Christian fundamentalist even though he was a Freemason and supporter of such vile Zionist Islamophobes as Pam Geller and Richard Pipes.*

This fact by itself doesn't mean we should lay the blame squarely at Mossad's doorstep. But it is a piece of a puzzle that we are constructing in the dark, and it will take time before all the pieces are put together.

The other day I was wrong to say only Mossad was behind the attacks in Oslo. I forgot to mention the rogue CIA and NATO as being suspects in the murders.

This is not purely a Zionist crime. This is a crime by the entire axis of evil that has captured Western democracies: the rogue CIA, the criminal Mossad, and the illegal NATO. All their interests were being challenged by the democratic government of Norway.

Investigative journalist Webster G. Tarpley reports in his article "Norway Terror Attacks a False Flag," that Norway was getting ready to call off its bombing missions in Libya and stop its involvement in that ongoing war crime in August.

Tarpley also mentions the fact that witnesses reported two shooters at the scene of the crime, casting doubt that this is another "lone-assassin" terror strike. Tarpley says:

*The presence of a second shooter is of course most inconvenient for the lone assassin theory, since it represents incontrovertible evidence of a criminal conspiracy, the very thing which the media coverage is usually anxious to avoid. In the Norwegian case, the reports of a*

*second shooter seemed to be persistent enough 36 hours after the main event so as to hold out some hope that the entire official version can be brought down on this particular.*

So, Norway made itself a democratic enemy of Israel by supporting the Palestinian effort for statehood in the United Nations in September, and a democratic enemy of the CIA and NATO because it no longer wanted any part in the takeover of Libya's oil fields.

Read this June 10 article, "Norway to quit Libya operation by August," for more information on Norway's decision to quit the Libya war.

Norway was attacked by the corrupt and secret forces behind the CIA, NATO and Mossad for refusing to go along with their overall agenda. They figured they could kill two birds with one stone by bringing Norway back into line on the issue of Israel-Palestine and Libya. What we are witnessing is the strategy of tensionplaying out in Norway.

## **II. The Return of The Gladio Villains**

During the Cold War, secret NATO 'Gladio' networks carried out false flags attacks in European cities that were falsely blamed on leftist groups and which were intended to create an atmosphere of fear.

The chief beneficiaries of the terror attacks were government security forces, intelligence agencies, and ruling political coalitions.

But state violence and state terror will not bring down the voice of the people of Norway and its democratic government. After the attacks, Norwegian Prime Minister Jens Stoltenberg said:

*"No one will bomb us to silence. No one will shoot us to silence. No one will ever scare us away from being Norway. You will not destroy us. You will not destroy our democracy or our ideals for a better world." – (At a press conference in Oslo. Quote from BBC's report "As it happened: Norway attacks")*

God bless Norway and god bless freedom. The criminals in the CIA, Mossad and NATO have to pay for this crime against innocent human beings and the voice of the people.

And there is a way out of this dark age of state terror. We have to dig for the truth and then tell it, write it, scream it. We are not destined to be hostages of state terrorists.

We cannot give into artificially stimulated fear, into ignorant peer pressure, and into the blind herd mind that says "it's a conspiracy theory, you have no evidence, you have no proof that Mossad and CIA are ran by criminals." Bullshit.

We have all the proof in the world that the biggest terrorists on this planet are in the Mossad, CIA, MI6, and other Western intelligence agencies. They are destroying self-government, freedom of speech, and our basic humanity.

Madsen writes:

*With ample evidence of Mossad involvement in Oslo, it is up to every one of us to*

*report to the Nth degree any suspicious contacts with Israelis or Israeli sympathizers.*

Truth-telling is a task that we must all embrace. We have to bury the nonsensical theory of the “crazed lone gunman” to explain politically motivated assassinations and terror attacks because it is simply not true. State political conspirators are responsible for the attacks in Oslo and other terrorist attacks in America and the Western world.

We cannot let the rascals and demons in the Mossad and the CIA get away with the murder of innocent people. For justice to be done, the truth must be spoken about State staged terror attacks, and as early as possible, as loud as possible, and as much as possible.
