We now have Obama/Soetoro's long form Birth Certificate. If it's real.

He was born in a hospital that won't confirm the birth.

How convenient it pops up now with nothing new on it about his parentage and NO DOCTOR listed. This alleged Birth Certificate was signed off by some flunky on Monday in Hawaii. They must have flown it to the White House in a jet to be released this morning in Washington, DC.

It shows his father as Obama, Sr., and provides the proof that he was born with dual citizenship since his father was a Kenyan national under British citizenship at the time of Obama/Soetoro's birth.

Recall back in January, former Hawaii Elections Clerk, Tim Adams, signed a sworn affidavit that there was no long form Birth Certificate

"Former Hawaii elections clerk Tim Adams has now signed an affidavit swearing he was told by his supervisors in Hawaii that no long-form, hospital-generated birth certificate existed for Barack Obama Jr. in Hawaii and that neither Queens Medical Center nor Kapi'olani Medical Center in Honolulu had any record of Obama having been born in their medical facilities."

Here is another BC of a woman who had twins the day after Obama/Soetoro; same hospital:

Note the certification at the bottom of hers has the doctor's name - missing from this newly-minted one.

Also, the "new" one just released by the White House is the same green paper as the old

short form. Mrs. Nordyke's is black background. Guess what? Mine is white with black ink which I obtained 40 years ago for travel purposes.

Jerome Corsi's book comes out in two weeks....we shall see. I'm betting on his impeccable research. For those who might not remember, he wrote the book that "swift boated" John Kerry and destroyed his chances for the White House.

Next will be the forensic folks looking at this suddenly released BC that will make The Donald - what? Oh, so happy because he can move on to more important issues? What a game.

Obama - Maybe a Citizen of the United States but Not a "natural born Citizen" of the United States.

The Natural Born Citizen Clause of Our U.S. Constitution Requires that Both of the Child,s Parents Be U.S. Citizens At the Time of Birth
