## The Rothschild They Murdered

August 11, 2011

*(left Amschel Mayor James Rothschild, 1955-1996, pictured here in 1977 at age 22)*

Apparently, the Illuminati are not immune to lethal attack, when they administer it themselves.

**by Henry Makow Ph.D.**

**People used the word "gentle"** to describe Amschel Mayor James Rothschild.

He was the only son of Victor Rothschild's (<http://www.henrymakow.com/001411.html>) second marriage, and after his older half-brother Jacob, heir to the Rothschild dynasty. ("Mayor" was his mother's surname.)

Amschel's obituary stated: "Where his father was of large and pugnacious build, Amschel Rothschild was tall, thin and strikingly graceful [after his mother]. His bushy head of hair ... emphasized large, sad brown eyes. He was precise, almost obsessively tidy, enjoyed making difficult cocktails and revisiting old jokes. He loved his farm, his children, restoring old outhouses, extending his lawns, going to bed early."

As a teenager he raced motorcycles and later vintage cars and bi-planes. "He started racing classic cars in 1974, owning successively a Lotus 10, an AC Cobra, a famous 1954 250F Maserati, a 1964 Willment Daytona Coupe in which he won two Historic Sports Car Championships..."

He married brewing heiress Anita Guinness in 1981 and had three children, Kate (b.1982); Alice (b.1983) and James (b.1985). He farmed during his twenties and didn't join the family business until 1987. He served an apprenticeship before being appointed executive chairman of Rothschild Asset management in 1993. His obit continues:

"Amschel was regularly billed as the heir presumptive to Sir Evelyn de Rothschild

for the chairmanship (Sir Evelyn's children being still too young to be candidates), though newspaper reports would be sniffy about his prospects; they implied his profile was too low, that with his gentle manner, he was too "nice", that he lacked the killer instinct."

On July 8 1996 he was found dead in the bathroom of his suite at the Bristol Hotel in Paris. According to the official story, he had committed suicide by hanging himself with the belt of his bathrobe. Thanks to the now defunct "[The Spotlight](http://www.beyondweird.com/conspiracy/cn08-68.html)" we have the truth (<http://www.beyondweird.com/conspiracy/cn08-68.html>)

## **Rupert Murdoch Ordered Editors World Wide To "Spike" The Story**

-----

**Exclusive To \*The Spotlight\***

**August 5, 1996**

**By Sasha Rakoczy**

French police have determined that Amschel Rothschild, heir to the fabulous Rothschild banking fortune, was murdered, according to well-placed European sources.

But, French Prime Minister Jacques Chirac has ordered police to close their investigation. Media outlets worldwide have ignored these mysterious developments. Some have reported the death was a suicide, other outlets disregarded the death altogether.

As if obeying an invisible choir-master, the world's competing news organizations silenced their strident sensationalism this month to cover up the mysterious death.

In the United States, newspapers controlled by Rupert Murdoch, the foreign-born owner of the world's largest media empire, either studiously ignored reports that Rothschild had met a violent end, or relegated it to the back pages as a mere "heart attack."

A \*Spotlight\* inquiry has established that Rothschild, 41, a billionaire investment banker and a noted sportsman in excellent health, was discovered lifeless on the floor of the bathroom of his suite at the luxurious Bristol Hotel in Paris on July 8 at 7:32 pm.

Police found that he had been strangled with the heavy cord of his own bathrobe. One end of the cord was attached to a towel rack, as if to suggest that Rothschild's violent death was self-inflicted.

"The [French] crime scene investigators never called it 'suicide,'" reporter Thierry de Segonzac told \*The Spotlight\* in a telephone interview from Paris. "After photographing the body, one of the detectives gave the towel rack tied to the body a strong tug. It came right out of the wall."

Had Rothschild really attempted to hang himself from that rack, he would have ended up with nothing worse than a couple of holes in the wall, de Segonzac said.

There was no suicide note, no discernible cause or reason for a finding of suicide, knowledgeable sources say. Rothschild, an athletic and imperious figure in early middle age, was a renowned race car driver and the husband of Anita Guinness, herself one of the world's wealthiest heiresses. The couple had three children who spent most of their time on the family's baronial estate in Suffolk, England.

Rothschild had arrived in Paris to take over one of the many family consortium's French assets -- management operations which were to be merged with N.M. Rothschild's London-based investment banking center.

"Far from being 'troubled,' Amschel Rothschild's star was on the rise and he relished his success," says an executive at Keefe, Bruyetter and Co., a respected Wall Street monitor of the financial services industry. "I don't believe for a moment he suddenly went and killed himself. There's much more to this story."

But with frantic speed -- within an hour after the body's discovery -- authorities and news executives in both France and Britain launched an unusual joint offensive to preempt a public inquiry or a press investigation into the circumstances of Rothschild's death.

"Murdoch sent a hotline fax to his 600-odd editors and news managers around the world, ordering them to report Amschel's death as a heart attack, if at all," said British broadcast reporter Ian Gooding. "No one around here has ever seen such pressure to kill a front-page story. But in the end, the cover-up was complete."

## **CONCLUSION**

By the way this story was buried, it is obvious that Amschel was murdered. Apparently the Illuminati are not immune to lethal attack, when they administer

it themselves. If an enemy of the Rothschilds had done it, believe me you'd know.

The Rothschilds appear to have a secret compact. Each member of the dynasty will die if he refuses to advance the plan for the subversion and enslavement of the human race outlined in "The Protocols of Zion." (<http://www.henrymakow.com/000782.html>)

Obviously Amschel Mayor James Rothschild did not have "the killer instinct." We don't know the details but he became an obstruction.

Amschel's story is a great tragedy. A sensitive, intelligent and good man is born into a megalomaniacal family of generational satanists. He discovers he must be a ruthless predator. It's not in his character. He has a soul. he resists and is murdered.

Let's always remember this good man.

### Comments for "The Rothschild They Murdered"

**Debra** said (August 13, 2011):

Unfortunate to have been born into this family of privilege and reputation of Satanic worship.

There are people who know "things" and aren't saying for obvious reasons and he must have been a threat or even threatened to tell. Either way, people have enough info on Rothschilds to make a case against them. USURY is one prime example, and the Bible lists the others.

**Dan** said (August 11, 2011):

You're so right that even the highest Illuminati families terminate members. The more powerful the family, the more mandatory the 'duties' of birth. A lesser family with a younger son 'afflicted' with normal empathy for his fellow man might be allowed to run a relatively harmless foundation or something. Amschel Mayor James Rothschild was recipient of all the

traits of breeding the Illuminati covet, and like the son of certain kings in past centuries his fate was to advance the 'Great Work', or die.

To the Luciferian eugenics mindset it would even seem necessary to cull an 'imperfect' superman to stop him from producing more offspring of their own class and 'pollute' their carefully preserved gene pool with the 'profane' trait' of empathy, or mercy. Bertrand Russell wrote along these lines in his long winded wet dream of the Fabian Utopia in "The Scientific Outlook", 1931 "On those rare occasions, when a boy or girl who has passed the age at which it is usual to determine social status shows such marked ability as to seem the intellectual equal of the rulers, a difficult situation will arise, requiring serious consideration. If the youth is content to abandon his previous associates and to throw in his lot whole-heartedly with the rulers, he may, after suitable tests, be promoted, but if he shows any regrettable solidarity with his previous associates, the rulers will reluctantly conclude that there is nothing to be done with him except to send him to the lethal chamber before his ill-disciplined intelligence has had time to spread revolt. This will be a painful duty to the rulers, but I think they will not shrink from performing it."
