The Rothschilds; the Dark Lord's Blood Bank.

Dog Poet Transmitting.....

‘Cry havoc (in alimentary panic) and let loose the dogs of tofu; thus does Cochise make cowboys of us all’.

I haven't got much personally or historically to say about The Rothschilds, except to name them as Satan's bankers; financial bondage freaks, hanging the world from metal flesh skewers till it is bled dry. Fritz

Springmeier said **most of what needed to be said** on the subject and now languishes in maximum security prison, questionably accused and sub rosa **convicted of bank robbery**, in consort with some political extremists. John S. Torell wrote that last piece of shit and **checking him out** tells you all you need to know about him. **In this article** Torell let's us know who cashes his checks. I do not know Springmeier well, so I can't go out on a limb and paint him with integrity, though my gut feeling says he was probably framed for the bank job. I got the same treatment a couple of times, when I made too much noise in my kundalini awakened youth. If you need anything further on The Rothschilds, you can go read or listen to some Eustace Mullins. You'll then be as informed as anyone can be who has visited the toilet feed of usury in the sewers of human darkness.

That's the thing with Prince's of Evil. No doubt they think they are glamorous but they've got all the élan and smooth muscle action of a bowel movement through a constipated and angry centipede, with its own reality TV show. Whether it is buying pretentious titles, screwing the entire world as dynastic vocation, or simply

waging wars that result in millions of dead for personal profit, the Rothschilds are supreme. Ask yourself why no Rothschild, Warburg or Schiff **shows up in the Forbes list** or any other list of the richest on Earth.

I can't speak about The Rothschilds and the other families, either intermarrying or wedding their first cousins, without talking about The Occult. The Star of David (seal of Solomon), co-opted by the Rothschilds, for the Crime Syndicate of Israel is not a natural possession of these vampire centipedes. The Star of David essentially symbolizes the triangle of Heaven interlocked with the triangle of Earth and is a sigil for **The Macroprosopus**. Eliphas Levi would be one who was exceedingly well informed about these matters.

Let us consider the Kabala. Being one who has looked pretty deeply into things of this order; **The Sacred Magic of Abremalin the Mage** and many another dusty tome of mechanisms for manipulating the material plane and occasionally rising above it, I've got my own take on what's happening with magical activity on the part of The Rothschilds and those they

manipulate by mysterious and less than mysterious means. Think of The Kabala as a sort of magical abacus, or even a ladder that runs in two directions. You can well consider Jacob's ladder here because it is very relevant. You're dealing with a series of magical steps, taken to rise to the conversation of angels and approach the seat of divinity. I'm speaking from experience, so, I can tell you there are systems that provide the means and accomplish the results sought, given the proper mindset.

Anything that goes up, goes down. Any system, no matter how benign, which promises elevation in consciousness and being to rarified states, also has a descending, shadow side. The Kabala is something that works according to the will of the practitioner, although its original intent was certainly something else. The present status of the world, under the thrall of demon fellowships and assorted deals made and under consideration is because of the state of the times; dark times, dark activities. You take something whose original purpose was to illuminate the mortal mind and reverse the process, preempting the essential power itself and you get illuminati.

It matters not to me what the reader believes concerning these things. The proof is there to be seen by any pair of eyes that are not compromised by the misleading advertisements of those using appetite and desire to enslave humanity. We come to the root of the matter; money. If there is a Dark Lord, that's one of his principal power totems. You might say it is the base element out of which so many compounds proceed. I don't think you have to be taken up on a mountain and have it all offered to you to understand the timeless verity that eternally expresses itself in the variations of civilization, as it lurches to both sides in its search for the middle ground and with every lurch, materializes gold and the present and future blood and industry of the terminally enslaved, with impossible dream dust in their eyes. You don't actually get what you're after until you've made the arrangement to become a diabolical and conscienceless fiend.

We're dwelling in a landscape of oxymoronic euphemisms, a sort of ass-backwards, falling forward into a short-sheeted future that never comes except with blanket parties ...and 'ass backward', or

possibly, 'ass inwards', should more properly be the crest of The Rothschilds because it covers all of their actions, public and private on every level. There's a certain ritual engaged in by those seeking to serve Baphomet veiled and there's no question that The Rothschilds are familiar with it. It's all about where you put your lips in swearing fealty. You can get a good long run out of the ass end of cosmic force, so long as the age continues, in which you made your arrangements. However, all such arrangements are time sensitive and run out. Any fool who believes that anyone can rule in Hell instead of serving in Heaven, as a viable option, is a fool indeed. I warrant there are exceptions but that occurs when the human unit is big time possessed for certain reasons.

The good news is that you are only dealing with a pack of cards. These personalities and engines of material torment are present for a variety of reasons, most principally to engender your fear. When you can get past that, they are powerless.

I know some people don't like it when I say, "it's all under control", "everything happens for a reason" and that "we are the cause of

I’m guessing there was a reason for this because there is a reason for everything and that leaves you with two kinds of people, generally; those who understand the inflexible dynamics of the universe and those who can’t find the reason or for whom the reason does not match the template they demand. Maybe that makes two kinds with one sub-division (grin). We’re not considering the, ‘too stupid to care or inquire’ here. It's the relative degree of collective corruption that makes the fertile breeding ground for Rothschilds and all that they are and do. Humanity grants them freedom through hope or stupidity; hope, meaning that maybe they will catch some of the crumbs from the feast of their betters and stupid needs no explanation; most of the time they get less than nothing and deserve at least that.

You can't really measure the evil of something like The Rothschilds. I will say that there is a definite link between penis size and the size of one's appetite for money and power. Old Scratch tends to make sure that certain deficiencies are made up by other means. I'm not being imaginative here. This is a 'generalized' truism of sorts, the same way that impotence is a feature of sexual psychopaths, under the ordinary conditions of congress. It also explains Donald Trump's hair and his taste in women (no offense intended, I don't think).

The Rothschilds are going to be struck down hard shortly and it can't come soon enough. Their power is being removed; the power to carry on

My Dear Visible. I know nothing about occult and magic, that's not to say that I don't believe that it works. The one thing I've always wondered about since I was a child, is how come the power of the dark magic is so difficult to defeat. I mean, I know their time is up, but why haven't we been allowed to defeat them prior to now. Who on earth is their opposition? How come they've been allowed to perpetrate the evil for so long? I know my questions sound stupid, but you know when were kids

we always believed that good would and did always overcome evil, but why such a struggle? I know, I probably know the answer, but I want you to explain it to me please :)

That's not how it works and the time is fast approaching when I won't be in a position to answer things like this so, if next week that is the case, so be it.

The power of dark magic is not difficult to defeat. Any number of us defeat it every day and all day long, with occasional instructions given through certain arranged failures. It just looks powerful to those ensnared by it though appetite, desire or fear. Since that accounts for most people and since the media plays up the darkness over any portion of the good, it looks like shit salad with Caesar dressing that has daggers embedded in it as if they were swizzle sticks.

Evil is eternal so long as there is a manifest theater for the performance of existence because so long as there is a right way there will be a wrong

way. A not insignificant amount of time, the wrong way is the right way and what is called good is evil and vice versa.

These buffoons and Halloween characters only have the power that their victims give them. they're present for the purposes of testing the metal of humanity. You can't have existence without polarities. Everything must be permitted for reasons that become clear further up the mountain.

Strip them naked and see them for the feckless clowns that they actually are and you won't be troubled by them, unless there's some need for a demonstration connected to them.

Les, your post is pointedly and verily true.

When I read your sentence I immediately thought of multibillionaires Mr. and Mrs. Bill

Gates.

They want in to the club of aristocratic evil - but they have to pass initiation, pay their dues.

At WRH yesterday was posted an account of the true danger of vaccinations.

After attending a lecture yesterday evening I sent the following letter to WRH:

Dear Michael Ribero, 13.04.2011

I was at an informative and shocking seminar in Stockholm last night (12.04.11). The presenter was a lay person by name of Linda Karlström from Finland who speaks fluent English. During 3 hours she presented a very professional multimedia presentation about the risks involved with pan-vaccinations to children.

One graph in particular, showing illnesses in vaccinated vs. non-vaccinated children, was jolting.

I notice yesterday you had a post by Marti Oakley from Activist Post. (see below)

In comparison, the presentation given by Mrs. Karlström in Stockholm yesterday brings the vaccine problem to a whole new level.

I have been reading WRH almost everyday for four years. Michael, the work this woman has done you will want to post.

Her address is:

linda.karlstrom@anvianet.fi

Sincerely yours

P.S. Linda Karlström is receiving no funding from Big Pharma or any government agency.

Here is the beginning of the article posted at WRH yesterday:

The Emergence of Vaccine Induced Diseases

Marti Oakley, Contributing Writer
Activist Post

On virtually every level, whether it is food, water, medications or the contamination of our environment across the board including the air we breathe, we, as human beings, are under attack. The view of the worlds' populations by corporate, scientific, pharmaceutical, military and even our respective governments is, one of contempt. None view the populations of the earth as anything more than potential test subjects for a wide array of experimentation of all kinds. We are the test rats in the maze. In fact, we are considered disposable and detested by the world's elite.

###

So it stands to reason. Vaccines cause many autoimmune, autistic, infectious and allergic ailments.

Mr. and Mrs. Gates have taken on the global role of championing vaccines. Go figure.

I must admit it always struck me as odd that anyone could expect a “good deal” from someone known as “the deceiver.”

You may not get what you pay for, but you always pay for what you get.

Sometimes you can literally SEE the dark magic moving through the dusty illusion.

Hey, but what do I know? I mean, I see things that aren't there. Or is it that I can see things that no one else can? (At least, no one else around me.)

If even the devil himself becomes an angel of light at the proper moment, is it possible that even an angel might engage in deception, if the situation warrants it?

SIDS (Sudden infant death syndrome) is linked with ca 80% of the babies receiving a vaccine within 3 weeks of occurence.

USA gives the greatest number of vaccines compounds before the age of 21; presently 56. It also has the greatest infant mortality rate of all Western countries.

BCG has caused many cases of tuberculosis. In fact over 80% of all cases of tuberculosis HAD received the BCG vaccine.

Your kins folk which also invented central banking and employed usury to cripple the world over time, have control of both big pharma and the medical education of the masses. Do you think they are going to teach the pros and cons of vaccinations any more than they are going to teach the true history of the world to history students or the reality of fractional banking and usury over time to

economics students?

Wake up Tom.

P.S. "Viral disease vectors" do you know anything about them? I think you are throwing out big words you know little about.

I went to the lecture yesterday with an open mind - wish you could have been there. Are you going to allow your children and grandchildren to be vaccinated because TPTB tell you it's ok?

I'm having strong second thoughts. Did you take the flying-pig vaccine a short while ago because TPTB told you to? Just wondering.

No one should take the swine flu vaccine. It is one of the most dangerous vaccines ever devised.

It contains an immune adjuvant called squalene (MF-59) which has been shown to cause severe autoimmune disorders such as MS, rheumatoid arthritis and Lupus.

This is the vaccine adjuvant that is strongly linked to the Gulf War syndrome, which killed over 10,000 soldiers and caused a 200% increase in the fatal disease ALS (Lou Gehreg disease).

This virus H1N1 kills by causing a "cytokine storm," which means that it cause the body's immune system to overreact and that is why it is killing young people and is a mild disease in the elderly.

(The elderly have weakened immune systems.) This vaccine is a very powerful immune stimulator and carries the real possibility of making the lethality of the virus much greater.

One's best protection is vitamin D3. One should take 5000 IU a day now and when the disease begins to spread increase the dose to 15,000

IU a day.

Vitamin D3 modulates the immune reaction, reducing the chance of an overreaction and stimulates the body to produce what are called antimicrobial peptides, which are powerful killers of viruses that does not involve immunity.

This is dose related, which means the higher the dose of vitamin D3 the better the protection. Fish oils (the best is Carlson's Norwegian lemon flavored fish oil) also reduce immune overreaction. One teaspoon a day should be sufficient. For severe symptoms, one teaspoon twice a day.

Antioxidants of various kinds also help. This includes, quercetin, curcumin, grapeseed extract, vitamin C and natural vitamin E.

A good multivitamin/mineral such as Extend Core www.vrp.com) is also essential.

Feel free to spread this around.
People need to know how to protect themselves.

Rothschild's (I mean the devil's)

Sir Evelyn, what we want here is a simultaneous meltdown of the American dollar and the Euro. In the panic over the coming real economic loses, it will be easy to introduce your RR's (Rothschild Reserve notes).
[Global reserve currenct]

EVENT - REACTION - SOLUTION

We have 500 billion dollars of (authenticated) gold bullion in our BIS bank in Switzerland. We will convince the public the RR's are a gold back cuurrency as opposed to fiat - but we will not tell the public it is only fractionally backed at 10,000:1. What the plebians don't know won't hurt them heh, heh.

Even the Chinese will convert to RR's because they will lose 60% of the value of their American trillions if they don't. To make the conversion to RR's more believable we will require ALL currencies in the world to accept a 7% across the board devaluation.

We are having ***George Soros*** lay out the plan now in April at his invitee-only world economic conference.

Our banks in Switzerland including the BIS and World Bank will work with our IMF to enable the world conversion to RR's by the 1st of July 2011.

The threatened shutdown of the American government and the growing dislike of the Federal Reserve combined with the implosion of the Euro, as we had planned when we created it, are right on time.

Once we implement your RR's we will squeeze Iran with global boycotts until it capitulates. Our spies in Cuba and Sudan indicate they will accept the RR's before the year end.

Assassination of Khadafi has been approved by you and a rogue mininuke is planned within a fortnight which will terminate Mummuar permanently. As agreed, Mossad will carry out the extraction and lay a blame trail back to Hamas.

Once the RR's are in place there will be nothing in your way to do with the

world exactly as you desire and please, to an even greater extent than you have done before.

I might add, congratulations are in order Sir, you and your family have succeeded in defacto taking over the world in less than 300 years.

Your great great great great grandfather Bauer from Frankfurt would be so proud of how his little scam, of printing more chits than he had gold entrusted to him, has lead his progeny to be the true rulers of the world.

You and Jacob have done it sir!

Here's an article about the origins of Mohammedanism, 'Did Muhammed Exist?'. The comments have some very interesting points and references to recent scholarly discoveries and speculation.

<http://www.jihadwatch.org/2011/04/cyrus-mcgoldrick-civil-rights-manager.html>

"We do not have any trace of the prophet Muhamad for about 250 years after after his death. For the 6th and 7th century we do not have even any trace of the name „Muhamad“ itself. The reason: Muhamad was at that time a title and not a name. The first mentions of muhamad come from the eastern-provinces of the Persian Empire on coins bearing this name plus christian symbols. muhamad was used by Christian Arabs and meant the „to be praised one“. Coins

bearing the muhamad-logo and/or „halifat Allah“ together with a standardized figure with a large sword, were traditionally interpreted to be a Caliph or even Muhamad. Modern research tells us, it is without doubt the eschatologic Christ with the sword of judgment and the title „announcer for god“ (halifat Allah). The „to be praised one“, the muhamad was Jesus. This very clearly tells the inscription in the „Dome of Rock“ in Jerusalem: „To be praised is Isa bin Maryiam“. The muhamad was the Christ of the Arabian Christians, it was Jesus. During 9th century the muhamad developed into the Muhamad, the Prophet of the Arabs. „Muhamad“ was a figure of identification, but did not exist as person."

"MHMD was in ancient Ugarit the root for „golden“. This developed in Mesopotamia (inhabited by the „Arabi“) into „muhamad/un“ for „blessed, to be praised“ and into the titel muhamad which was nothing else but „Christ“. This, the christian „Muhamadism“ moved with Abdel Malik from Eastern Persia to Palestine. Nothing was known then, in the 7th century, of a place called Mekka and a prophet

Muhamad. Jerusalem was the center of the „followers of the muhamad“ (as the Koran confirms ,by the way). In 9th century only the stories of a prophet from Mekka named Muhamad with his holy book Koran started circulating, the specific Arab monophysite christianity developed into an own religion called Islam. The Aramaic qeryana of the arab Christians got transformed into the quran, undergoing many modifications and blendings with Beduin traditions. Even the old goddesses from the desert got a revival. Goddess of the moon was Allat, her black stone is still worshiped in Mekka. Goddess of the morning star was Uzza. Their symbols are still present in the flags of many Muslim countries. Only in the 11th century we find the situation, which the Muslim traditions describe for the 8th century."

appreciative that you thought to get back to me. That's great about your dog. I hope she hangs in there for a long time. My old sheltie who looks like Lassie has been slowing down. I can measure it month by month now how much he slows down. He's got a bum back leg and tuckers out after a little walk. Just a year or so ago he could keep up with me jogging. He's a good boy. Just want to make the quality of his remaining days better. Thanks for everything.

the minerals found in bananas and
apples which are quite similar.

Susanne says that there are four
kinds of potassium in this
homepathic mix called Drufusan.

That's the German brand name. Five types of calcium, magnesium, like I said, a lot of what's in bananas, I think. Probably you can find a homeopath who can tell you what this is because I suspect it's common for older dogs to need it.

I should add that Lily is having to take this because she is taking tablets to remove excess water and maybe that flushed the minerals (I'm guessing). In any case, I suspect anything aging tends to new minerals which is why old people take Geritol and such things. I hope I've given you some idea because I am now mostly confused.

Great Les, and what TIMING!

The Rothchilds MOVIE opens here in the USA tomorrow, April 15th, yes!

ATLAS SHRUGGED, PART I will open a a "theatre near me" in less than 36 hours (the matinee seats anyway) and by the Sign of the Dollar, I just can't WAIT!

Warms the cockles of my heart that the long-dead Jewess Ayn Rand is about to get a new lease on her 15 minutes of fame for this movie, it promises to be wretchedly pro-plutocrat, anti-human (not to mention anti-common sense but we've been out of THAT for decades, eh?).

Yet another reason for you to wait for the fumigators I guess. After Ayn's long bomb from the grave, it'll smell worse then ever. And for a long time! Part TWO comes in 2012, and Part THREE comes in 2013... if we're unlucky enuf to live so long. YIKES!

Franz,

Ayn Rand is one of my heroes. The first book I really admired was The Fountainhead and its main character Howard Roark.

The female author was jewish but she was anti-communist. 'Better dead than red'.

Her kinfolk were dressing up their zionism as communism back then - and she would have nothing of it. I would compare her to other zionist denouncing jews such as Freedman, Russo and Makow.

McCarthyism was actually anti-zionism but even that was re-historied by TPTB as anti-communism to protect the khazarian synagogue of satan.

Call me naive but I would like to believe Ayn Rand was not only anti-communist, she was also strongly anti-zionist.

There are a few awake khazarians and sephards who know zionism is completely wrong - from toroah to talmud. Look at the israelites demonstrating yesterday in Tel Aviv

for implementation of a no-fly zone
over Palestine/Gaza.

I hope Ayn Rand really was an anti-
zionist. No baby out with the bath
water for me.

Some jewish people are absolutely

It is the khazarian zionist Rothschild
central bankers club I loathe.

1) WHY DOES THE ISSUANCE OF MONEY NOT REST WITH 'WE THE PEOPLE' TO WHOM IT PROPERLY BELONGS?

2) WHY DOES THIS ENORMOUS POWER REST IN THE HANDS OF PRIVATELY OWNED CORPORATIONS, THE INTERNATIONAL BANKS?

3) WHY IS 97% OF OUR MONEY CREATED AS DEBT BY BANKERS (TO WHOM WE 'PAY BACK' MANY TIMES THE SUM 'BORROWED') AND NOT CREATED DEBT-FREE BY OUR OWN ELECTED GOVERNMENT?

4) IS THIS MECHANISM NOT A FRAUD AGAINST THE PEOPLE AND DOES NOT THIS MASSIVELY ENRICHING FRAUD ENSURE THAT, IN PRACTICE, THE INTERNATIONAL BANKERS ARE OUR REAL GOVERNMENT?

APRIL 14, 2011 2:04 AM

Montagu Norman said...

Kevin;

The answer to your four questions is simple:

Capital must protect itself in every possible way, both by combination and legislation. Debts must be collected, mortgages foreclosed as rapidly as possible. When, through process of law, the common people lose their homes, they will become more docile and more easily governed through the strong arm of the government applied by a central power of wealth under leading financiers. These truths are well known among our principal men, who are now engaged in forming an imperialism to govern the world.

BY DIVIDING THE VOTERS
THROUGH THE POLITICAL PARTY
SYSTEM, WE CAN GET THEM TO
EXPEND THEIR ENERGIES IN
FIGHTING FOR QUESTIONS OF
NO IMPORTANCE.

It is thus, by discrete action, we can secure for ourselves that which has been so well planned and so successfully accomplished.

I hope this satisfies your curiosity Kevin.

Dear Kevin Boyle,

You seem to be under some misunderstandings of how fractional banking works and who it is intended to serve. Stop asking these inane questions and accept the truth about privately owned central banking and usury.

Can you handle the truth Kevin?

Banking was conceived in iniquity and was born in sin. The bankers own the earth. Take it away from them, but leave them the power to create deposits, and with the flick of the pen they will create enough deposits to buy it back again.

However, take it (the power to create deposits) away from them, and all the great fortunes like mine will disappear and they ought to disappear, for this would be a happier and better world to live in.

But, if you wish to remain the slaves of Bankers and pay the cost of your own slavery, let them continue to

create deposits.

The truth is Kevin, me and my ilk have a plan that stretches over more than two centuries while you and your questioning ilk can barely plan how to pay your bills at the end of this month!

And you know what Kevin? The money you pay eventually ends up in our hands so we can invest in you never being able to do anything about the biased playing field we have bribed into creation, heh, heh.

I you had a printing press to create litterally all the money you wanted anywhere in the world, what would you do?

This is what I would you. I would buy everything. I would lobby (bribe) the members of government in every country, state, province, city and town to privatize everything. Then I would buy everything. I would put people loyal to me as chiefs in

everything I bought. I would provide these chiefs with significant perks to ensure I had total control of everything I owned. And if any of these chiefs got out of line, I would libel, fire, murder or suicide them.

For chiefs of sensitive,important concerns - like presidents of countries, I would also have blackmail evidence against them getting out of line.

By printing all the money I need and by controllling every chief everywhere I would have total control of the world. Forever.

Frum,

Viral disease vectors such as polio and rubella were actually on the DECLINE before the introduction of obligatory vaccines which actually caused ab INCREASE in there incidence.

Go look at Vaccine Nation and come back to comment."

That's right. I've done my own research and I agree with Mouser on this. These diseases that proponents claim were eradicated by vaccinations were actually contained because a better understanding of

proper hygiene was developed. Yes, many of these 'old world' diseases were the product of woefully poor hygiene; people were literally living in their own garbage. Vaccines have nothing to do with trying to keep people healthy. Anyone who doesn't believe that needs to stop swallowing everything the government - and other 'trusted experts' - tells them to believe. Really, look at how far this mentality has gotten us.

Speaking of government sanctioned poisoning, I recently discovered that I have mild flourosis. For anyone interested in learning more about this poison here's some good info:

http://www.rense.com/general93/flu_o.htm

The fact of the matter is, Americans are being slowly murdered by their government. Between all the shit they put in our food, water and air, it's no wonder that so many of us act like zombies. With all these chemicals and poisons in our bodies it's a freakin' miracle we can function at all!

Who in their right mind still believes ANYTHING the government says? Especially after things like 911,

Katrina, Gulf oil spill, and those are just from THIS decade... c'mon man. The US government has a history (a nicely documented one at that) of using its civilians as guinea pigs.

I personally cannot wait for the moment when all these walking anal pustule's (with barely human faces) on this Earth are BURNED ALIVE.

The Rothschilds appear to be the main upholders and creators of The Qliphothic enchantment 'Fiat Money' aka 'Money for Nothing'. It is an illusion of money that tries to sustain itself via periodical blood sacrifice, 'lead to gold' (literally!) alchemy and throwing crumbs to greedy and envious servants.

Good for Fritz Springmeier.

I don't find him very trustworthy, though. He appears to be awfully sore about British Empire losing control of India, and basically paints everything except Evangelical Christianity and ultra-orthodox Judaism as owned by Rothschilds. That's bull.

And Henry Makow is a complete fraud. His modus operandi is sow despair, and to tell young men that Rockefellers have basically ruined all women via 're-engineering' them, that men (or 'males' as Henry informs) should just give up because (as he paints) women as all bitches or sluts. It's basically the antithesis of Betty Friedan type feminism (men are painted wimps or brutes). He

also *just happened* to have done one of those 'finding Illuminati symbols and character assassinating the artist' things on Luc Besson who *just happened* to be one of the few Hollywood people who didn't support Roman Polanskis admitted rape of a thirteen-year old.

Ayn Rand is a committed zionist. Freedman promotes the 'it was the khazarians' myth, Russo I don't know.

People should stop looking for external saviors, and if they do that, at least get out of the Stockholm syndrome of trying to find a *Jewish* savior.

I find so few free sovereign human beings its refreshing to know that I am not alone. Every trail leads to one name, Rothschild. Individual choice, each person not only gets to choose, but get to change their minds as often as their lives allow. Good will prevail through patience and intelligence. Good always finds the optimum way while evil always fails because of its contradictions. Evil is an inferior matrix control system. No one in the system can be free even those evil bastards who are the real owners and creators of debt money, they have to always hide the truth of their evil enterprise, they have great power but the contradiction is that they can not have the debt slaves know who they really are and what they really have done. Evil is a contradiction and collapses upon it's self. It really just boil's down to. Good and evil. Reject evil.

Memo to all Ayn Rand followers:

She was ALWAYS a zionist and her
still-annoying fanclub is currently
the most rabid of the lot.

Her novels were written to foster
extreme individualism and thus
atomize anyone who embraces
her "objectivism".

At no point did she become non-
tribe, despite her well-trumpeted
atheism. She got the "in" being
Jewish got her. Two weeks after
arriving in Hollywood the half-
Jewish Cecil B. DeMille got her a
writing job there. Be non-Jewish and
TRY to get a job in that town, then or
now.

Likewise publishing: Her
connections in Hollywood, Chicago
and NY opened the doors. Read "We
The Living" now, if you can, and tell
me how it could have been published
otherwise.

This is simple stuff. Other Jews, notably Edith Efron, broke with her and spilled the beans. Rand was a plagerist and a fraud. Since at a young age I was taken in also, I'm hardly pleased to say so.

Rand's objectivism, like libertarianism generally, is meant to drive non-Jews apart so that the superior collective abilities of Jews will conquer.

(When briefly Rand organized us old Objectivists, out of the basement of the Empire State Building, she referred to us as a "collective". She said it was a joke. It was: On us.)
