DOMINATED BY SEPHARDIC JEWISH BANKERS, the private Bank of England expanded its investments into North America largely through the Hudson Bay Company. View Entire Story [Here](#), [Here](#) & [Here](#).

The early American colonists of the 17th Century were beholden to the Bank of England's Jewish owners — paying taxes from their labor — as repayment for funding the "opportunity" to create a new way of life in the New World.

Struggling to be released from the burden of debt to the Bank of England, the colonists established the Massachusetts Bay Company, printing its own home-grown paper money in 1690, a currency not backed by silver or gold.

In other words, it was a fiat money, rejected by England's parliament, in a continual conflict with their American subjects regarding taxes and all other debts.

By 1742, with every colonial Royal Governor instructed to curtail the issue of colonial money, the British Resumption Act required that taxes be paid in gold. This caused a depression in the colonies - property was seized by the Royalists for one-tenth of its value.

Benjamin Franklin, a supporter of the colonies printing their own money, stated in his autobiography, that the main cause of the Revolutionary War of 1776 was *not* the tax on tea or the Stamp Act *but* King George's refusal to accept the paper money of his subjects. View Entire Story [Here](#).

By winning the war in 1783, the colonists took control of their own government.

Yet, America remained in debt to the Jewish owners of the Bank of England, which by this time included the Rothschilds, Montefiores, Goldsmids, Mocattas, and the Oppenheimers, (all powerful Jewish families with control of the gold trade), led by Nathan Mayer Rothschild. View Entire Story [Here](#), [Here](#), [Here](#), [Here](#) & [Here](#).

The 'united States,' in spite of the historical propaganda we are forced-fed with, was NOT free.

A DEBT BURDENED NATION

THE COLONISTS MAY HAVE WON THE WAR but they were still in bondage to the Jewish Bankers.

Reeling under the debt, the united States re-introduced taxes to pay off their Jewish masters.

Thus, Alexander Hamilton, agent of international Jewry, pressured Congress to pass the 1791 Assumption Act — which created America's first national bank, the First Bank of America, chartered by the private Bank of England for a term of twenty years — in its plan to control the monies of the so-called "independent" united States.

In other words, in creating this bank, America was forced to charter it with the same Jewish bankers that were holding its debts before the "war of independence."

In 1811, the twenty year contract with the Bank of England expired. The struggling new nation refused to renew the charter with its attendant enslavement.

In response, England waged war with America in what we now call the War of 1812. The Brits invaded Washington DC burning down the White House, the Treasury Department Building, and the Library of Congress.

Although "court historians" claim that America "won" the War of 1812, it actually lost it.

The accumulated debt as a result of this war dictated the creation of a new central bank by European financiers. Thus, in 1816, President James Madison was compelled to sign into law the Second Bank of the United States. And again, it was chartered by the private Bank of England which held 80% ownership.

And so, America's enslavement to Jewish bankers continued for yet another 20 years.

FREE AT LAST?

FOUR YEARS BEFORE the charter was set to expire in 1836, President Andrew Jackson vetoed its renewal putting the Rothschilds and their fellow Jews out of business in

America.

Jackson not only asserted the unconstitutional minting of US money by private interests but also had the brains to fix the problem.

Although now misunderstood by economists such as Lyndon LaRouche and associates, for the greater good of America, President Jackson sent federal troops into the states who refused, (albeit indirectly), to pay off the debt to Jewish bankers, forcing those states to collect taxes. [View Entire Story Here](#), [Here](#), [Here](#) & [Here](#).

For seventy-seven years, although argued that Jewish financing of America's railroads and gold trafficking kept the nation under Jewry's thrall, America was no longer under the heel of Jewish bankers. Andrew Jackson, remarkably...federal force notwithstanding...paid off the debt.

But sadly, to America's tragedy, in 1913 the privately-owned Jewish consortium slavery apparatus, the Federal Reserve Bank, was signed into law by Jewry's shill in the White House, Woodrow Wilson.

This pawn of the Jews, Wilson, obeying his Jewish masters, imposed the 'Jew-tax' upon Americans, the "Income Tax," to pay for the coming "advances" *with* accruing interest made to the US government by the Jews of the Federal Reserve.

And to this day, the tie between the Federal Reserve and the Central Bank of England under the dictates of international Jewry grows ever stronger with its attendant manipulation of America's and England's domestic and foreign policies acting in concert with each other.

The chief agitators of America's new central bank — intimate associates of the Rothschild banking dynasty — were Jewish foreigners who ingratiated themselves into American citizenship: Paul Warburg, his brother Felix, and Jacob Schiff.

Testimony to the bank's abiding Jewish control, today's Federal Reserve remains dominated by Jews who oversee and fund *at interest* all the affairs of our tyrannical State.

Behind the congressional puppets stands the Money Master — the Jew — sick, neurotic, carnal, haters of Christ, the cause of world unrest ever since Jewry was granted civil authority in Europe during the so-called Enlightenment.

In both Alan Greenspan's and Ben Shalom Bernanke's chairmanships, as well as in the bank's *locus of power* New York branch, Jewish names fill the list of players. Gentiles placed in high positions of the Fed are simply window dressing designed to drape Jewry's preponderance and mastery of America's monetary affairs. [View Entire Story Here](#).

As Thomas Jefferson once said, "Slavery to a military force can be abolished by an opposing force of arms. But a debtor's enslavement to a creditor, no weapons can overthrow..."

Dear Real Zionist News Family -

Well, I think I've done it. I have PROVEN that America has NEVER BEEN FREE of Jewry's enslavement.

Believe me, I have researched this piece leaving NO STONE UNTURNED with close to 40 hours of intensive research.

Even during the 77 years since Jackson freeing America from the central bankers ... it really didn't amount to much.

This is because international Jewry FINANCED the railroads, (including the steel mills), and acted as the CLEARING HOUSE for the California Gold Rush and ALL of America's gold.

The Mocatta Family and the Oppenheimers and NM Rothschild TO THIS DAY are in charge of the world's Gold Trading... and they are ALL JEWS ... TIED TO ONE ANOTHER in their Synagogue of Satan. (See my embedded links in this article specific to his issue.)

I don't see how America is going to pull itself out of Jewry's control. The Jews control every sphere of America's infrastructure and with our jobs sent overseas by Jewish Finance Capital the white Christian Middle Class — the ONLY BLOC THAT CAN OPPOSE THE JEWS — is sinking into a lower social caste.

The gap between the rich (JEWS) and the middle class (White Gentiles) EVER WIDENS and it is Going to WIDEN EVER MORE SO in the next 5 years.

This week's The Economist has Obama on the Cover looking like a GIANT overlooking all the Republican MIDGETS coming out as presidential contenders.

Now, in case you did not know it, The Economist was founded by the Rothschilds and The Milner Group — a BANKER MAGAZINE — which tells me that JEW BANKING MONEY is going to put their "schwartz" back in office. I now have NO DOUBT about it.

Then their schwartz will put all kinds of Gun Control Laws through — Pushed by the JEWS like Senator JEW Schumer the leader of Gun Control — to disarm the Goyim.

A major "false flag" will be co-incidental with their schwarza's Gun Control...a "contingency" for a FULL BLOWN JEW-CONTROLLED POLICE STATE and pretext for a War on the Jew-feared Iran bringing more Gentile boys to their deaths.

You see, Jews DO NOT FIGHT IN THEIR GLOBAL WARS. The anti-Christ Jews, Senator Joseph Lieberman (Jews NEVER retire) and his ilk who CHAIR EVERY MAJOR SEAT In CONGRESS will send MORE GOYIM to their deaths and BRING THE GOYIM CATTLE in America into a GREATER Surveillance State with Mobile Surveillance Apparatus at every major Public event.

I advise to stock up now on firearms before its too late to take advantage of what's left of our 2nd Amendment right to bear arms.

I myself am a monastic with the Russian Orthodox Church and monks are not to permitted "bear arms." BUT FOR FAMILIES to PROTECT their property and their Loved Ones it is HIGHLY RECOMMENDED. And I am NOT advocating armed insurrection (the military is prepared for civil unrest anyways) with FEMA camps CONTROLLED BY LIEBERMAN AND HIS ILK (Jews NEVER retire).

Who else tells you these things?

Alex Jones and his warnings about "globalists" and "elitists?" Or Paul Craig Roberts with his singling out "special interest groups?" Or Lew Rockwell (Von Mises and Rothbard, both JEWS, are his heroes even though he and Gary North are professed Christians) with his warnings about "modern day liberals" and "Constitution trashers?" Or how about those in the Truth Movement who "expose" the "Illuminati?"

Naa. None of these popular Internet publicists. I think the best of the "truthers" is Mark Weber of IHR although he needs to realize that Russia (which has no use for the Third Reich) is the Power to watch. (More on this below)

Only Brother Nathanael Kapner, shunned by these MSM "truth tellers" has the guts and the INSIDE TRACK (I grew up in Upper Middle Class Jewry), NAMES THE NAMES and uses the "JEW" word, feared to use by all the forementioned.

Yet, the Jews use the "Jew" word constantly, "Jews for This," "Jews against That," "Jews for Republicans," "Jews for Democrats," "Jews for Libertarianism," "Jews for Democracy,"

"Jews for Removal of Christian Symbols," WHATEVER FLAVOR OF JEWRY YOU WANT - IT'S THERE - INFILTRATING EVERY SPHERE OF AMERICAN CIVILIZATION to America's ULTIMATE JEW CONTROL and DESTRUCTION.

I KNOW the JEWS' GAME and I am here to WARN Americans of Jewry's schemes: To DESTROY our freedoms and Annihilate Christianity from Western Civilization.

I for one will STaND UP AGAINST THESE EVIL Christ-Haters. They are the MOST NEUROTIC PEOPLE ON EARTH (and carnal sex addicts) like Weiner, Strauss Kahn — ALL OF THEM ARE PORNO ADDICTS — because they have refused their soul's salvation in Christ and LIVE for earthly pleasures and earthly materialist wealth.

Let me now tell you what is happening geopolitically. Ever since post WW I nation-states lost their power and Jewish Finance Capital which knows NO boundaries, NO national loyalties, Now BASED in the City of London and Wall Street, became the "Great Power."

Like Satan who "roams the world seeking whom he may devour," so it is with Jewish Finance Capital. The Jew Money Power took over completely America, especially after the Jewish Revolution of 1933 when they installed their puppet FDR in the White House SURROUNDED by JEWS, exploited America's industrial power for their own global agenda.

When Hitler opposed Jewish Finance Capital the Jews mustered ALL OF THEIR WICKED INFLUENCE against Germany and destroyed the nation of Britain and all of Continental Europe and brought on the hordes of the Soviet godless into Eastern Europe INFUSING

ATHEISM throughout.

Now Jewish Finance Capital has PULLED OUT OF AMERICA, (largely due to the suicidal modus operandi of the AFL-CIO and other Trade Unions), and is now building up the "yellow peril" to the ultimate destruction of White Christian civilization.

With Europe, that is, Germany, pulling closer and closer to Russia, now that Nuclear Power is on the wane throughout the EU, Russia is gaining greater leverage throughout Europe with its VAST energy resources and supplies, CREATING an opposing bloc to the Jew Money Power. We need to watch this development very closely.

As an Orthodox nation now, (and I am with the Russian Orthodox Church Outside of Russia), Putin and the Russian Patriarch, Kirill, will have GREAT influence in correcting JEW-AMERICA's denigrating "culture" of Hollywood throughout Europe.

Christ's Kingdom on earth has a chance now to take root. We must watch this development as it continues to emerge throughout greater Europe WHICH WILL INCLUDE the Orthodox Christian influence of Putin's Russia.

Thank you Brother Nathanael for helping us see through the myth of a free America.

I am rereading The Secrets of The Federal Reserve by Eustace Mullins and everything you say is correct.

The power of the banks has to be broken in order to be free. This can be practiced at a personal level as well as on a national one.

Freedom from Federal Reserve money equals freedom from slavery.

@ Bro Nat

!!!(STANDING OVATION)!!!!

Direct Hit!

Add to that the destruction of the colonies through White indentured servitude, purposeful destruction of the Natives through bounties placed on them and carried out by the Spanish, French and British mercenaries

– On to funding both sides to the Revolutionary War;

– Then on to dividing North & South and funding both sides of the Civil War in order to gain control of Southern Agriculture and Textile industries and later furniture and other goods production;

– Then on to control of the Industrial Revolution, Gold, Timber and other natural resources to the demise of the Native Americans, and again with paid mercenaries and creation of false heroes like Buffalo Bill, Jesse James.... to carry out the genocide;

– Creation of the Permanent Federal Reserve in 1913 after two previous Central Banks

had run their scams and eventually been routed;

– Then on the manufactured crash of Wall Street and then the Depression (in which it was once stated that 8 million Americans starved to death) to loot the populace and stage it for wars;

– WWI;

– WWII;

– Vietnam;

– Gulf War;

– Present day and all the other false flags, assassinations, Ponzi schemes, genocides either domestic or abroad.....

MONSTERS!

I would like to give an example of 'freedom.'

Recently I bought a used car on credit for \$20,000.

I have not financed a car in 15 years.

I have \$20,000 saved up in gold. I make the payments with playmoney.

If I have any trouble working for playmoney, I cash in some gold, which continually increases in playmoney value.

When I have paid of my car in five years, with playmoney, my real money has held it's purchasing power. It will probably be worth 4 times as much playmoney.

So in essence I am using the system to my own benefit.

I have created a personal reserve to back up playmoney, since there is nothing backing our society's playmoney.

Revolutions of 1848

The European Revolutions of 1848, known in some countries as the Spring of Nations, Springtime of the Peoples[3] or the Year of Revolution, were a series of political upheavals throughout Europe.

It was the first (and only) Europe-wide collapse of traditional authority, but within a year reactionary forces had won out and the revolutions collapsed.

This revolutionary wave began in France in February, and immediately spread to most of Europe and parts of Latin America. Over 50 countries were affected, ...

"It was the first (and only) Europe-wide collapse of traditional authority, but within a year reactionary forces had won out and the revolutions collapsed."

This is Jew-Communist talk. "Revolution" is Jew codeword for Jew-instigated coup.

"Reactionary" is Jew codeword for - the non-Jews that stopped the Jews from taking control of the state.

"Reactionary" = Non-Jews saying: - NO JEW!

Strictly speaking, the fundamental questions about the state of the Russian revolution that we posed above can also be put in a form adapted to the analogy with Germany (in the relative and limited sense, of course, in which any historical analogies may be drawn).

We can put it as follows: 1847 or 1849? Are we going through (like Germany in 1847, when the German State Duma, the so-called United Landtag, ...)

Second thought: Oy

Russia, Germany or US-Congress. To the Jews it's all a State Duma - HOW DO WE, THE JEWS, TAKE CONTROL OF THE DUMA-Congress?

Has anyone else here heard about the recent hacker attacks on the IMF, on the US government, on the Defense Contractors, and now on the US Senate computer systems?

I read some articles claiming that a hacker group has attacked the IMF servers quite extensively and they removed lots of financial documentation from the server. I also heard that this group has created a list of demands for the central bankers, including that Ben Bernanke resign as the head of the US Federal Reserve.

At the same time I saw that Obama is ordering about half of the US government websites to be removed from having online internet access to the public.

I am wondering if the move has started by nations like China to attack those who are trying to control the central banks and economies of our present world.

It sure looks like there might be some first shots being taken at this time against the Zionist interests and the United States as a whole.

I knew, coming from 25 plus years working in the computer science world, that one day the attacks would begin from the hacker community against the elite Zionists, and that the war would be one hell of a tech battle which would destroy many of the necessary systems to keep the elites in power.

Br. Nathanael,

You started off your article with, "Dominated by SEPHARDIC Jewish bankers, the private Bank of England expanded its investments into North America largely through the Hudson Bay Company."

Did you mean to say that the Bank of England was dominated by Ashkenazi Jews? The House of Rothschild is Ashkenazi which everyone pretty much considers to be the top dog.

Some of your links were to iamthewitness.com which is run by Daryl-Bradford Smith. Even DBS says that the Rothschilds are Ashkenazi.

Which of the banker families are Sephardic and are any of them more powerful than the House of Rothschild?

Good stuff, Bro Nate, a lot of research, and all the names look familiar from the European banking houses that I have read about for years now.

One of these threads, you have to tie the Jews in with the North and South American slave trade also?

Rothschilds like Lionel, controlled the cotton industry in London, and you can bet Rothschild agents controlled them here.

There was also always chatter that John Wilkes Booth, and his conspirators, had ties to the Rothschilds.

See, they didn't want any reconciliatory-minded Abraham Lincoln around, to interfere with Northern Jew carpetbaggers stealing what they could in the South.

Outstanding job, dear Bro Nathanael.

All of your videos are great and getting better all of the time, but this article is top notch.

This subject really did require the more in depth connect-the-historical-dots across the centuries, consolidated to show the relationship between the Judeo-British Bankers, European and Asian Rothschilds, and the various economic/political pressures on America by European and British Great Powers, since before the War of Independence.

You've presented it all in a unique and concise way. It is wonderful reading one of your carefully researched articles again.

God bless you, and may Christ reward you for your labors.

For RZN Family,

Some Rothschild 'trivia.'

"If I Were a Rich Man" is a song from the 1964 musical - Fiddler on the Roof. It was written by Sheldon Harnick and Jerry Bock. The song is performed by the charmingly poor and downtrodden Tevye, the main character in the musical, and reflects his dreams of glory. However, the reality of life for Polish/Russian Jews in the Pale and the rest of Russia was quite different.

Less than 1% of Jews were ever involved in agriculture, much less were peasant farmers. I remember a Russian proverb: "A Jew might buy a cow for the milk, but he'll get someone else to milk it."

We all remember this anti-Russian, Zionist (Jewish Nationalism) propaganda jewel, don't we? Good Jews - Bad Russkies (and Cossacks and Ukrainians). It's about as part of the American cultural fabric as the 'Shoah Business,' the fictional NOVEL 'Schindler's List,' and the equally fictional movie 'Exodus' released at Christmas time, 1960, and based on the 1958 NOVEL by Leon Uris.

The book and film are supposedly based on the events that happened on the ship Exodus in 1947 and dealing with the founding of the state of Israel in 1948. And, of course, the star was the all-American Jew, Paul Newman. (His father father was Jewish, the son of immigrants from Poland and Hungary; his mother, who practiced Christian Science, was born to a Slovak Roman Catholic family in the former Austria-Hungary — now Slovakia).

I digress. According to Wiki, the title of the song "If I Were a Rich Man" "is inspired by a 1902 monologue by Sholem Aleichem in Yiddish, Ven ikh bin Rothschild (If I were Rothschild), a reference to the wealth of the Rothschild family.

"The lyric is based in part on passages from Sholem Aleichem's 1899 short story "The Bubble Bursts." Both stories appeared in English in the 1949 collection of stories Tevye's Daughters."

To fool "Goyisch" ears for public consumption, the song and lyrics were changed to "If I were a Rich Man." Fiddler on the Roof, released at the peak of the Cold War, was of course a Jew propaganda hit-piece against the Russian and Ukrainian Orthodox Christian people of the land, rekindling cultural stereotypes especially from the pre-Bolshevik Tsarist era.

Notice the dates of Sholem Alechem presentations about the turn of the 19th/20th centuries.

Since the 1800's, the Rothschild Family was a well-known part of common Yiddish/Jewish/Zionist culture in the various Juderias (Jewish Communities) of Europe, Great Britain, the Balkans and the Ottoman empire, in America, and other Jewish colonies in North and South America.

For RZN Family's entertainment: Fiddler on the Roof - Ven ikh bin a Rotshild. Music: Shmuel Rudensky.

Absolutely "THE SEPHARDIC JEWS" dominated the private Bank of England in the 1600's and the 1700's EXACTLY AS I STATED IT.

Please click on ALL THE SUPPORTING LINKS that prove my assertions as FACT which list ALL THE SEPHARDIC JEWS involved, plenty of names which I decided not to post for the sake of brevity. NONE of these Sephardic Jewish names are from "I AM THE WITNESS" site.

The Rothschilds, (and no one doubts that they were Ashkenazi did not come along until the 1800's (AS I STATE IN THE ARTICLE) and their power grew to enormous proportions all through the 19th Century NOT The 17th Century of the first American colonists. (why do I have to explain this when my text and supporting links make this absolutely clear?)

NO, I DID NOT MEAN "Ashkenazi" Jews dear Words of Wisdom but exactly as I stated it, "SEPHARDIC JEWS."

Again, the Rothschilds did not come into the banking situation UNTIL the early 1800's NOT in the 1600's of the FIRST Early American Colonists FUNDED by the Hudson Bay Company/Central Bank of England.

Now, No One else has identified the early banking houses as I have, and I doubt that even a few have ever heard of the following Jewish banks that I list:

Sephardic bankers (see the links), Mocatta (early Sephardic GOLD TRADERS up to the PRESENT DAY), Montefiore's, Goldschmid (early Gold Traders UP to the Present Day), Oppenheimers, etc.

Lot's of armchair experts out there who AFTER THE FACT are the big know it alls.

Once I post an article YOU CAN BE ASSURED that ALL MY FACTS are Intact with NO errors. READ THE OPENING LINKS PLEASE. +BN

The only Sephardic banker name that is familiar to me is the Mendes da Costa family.

But the Rothschild, Warburg, Schiff families that were hear so much about are all Ashkenazi. The Ashkenazim have always been dominate over the Sephardim even until today.

In my opinion, the far more dangerous Ashkenazim are the head of the snake while the Sephardim/Mizrahim make up the tail.

Br. Nathanael,

I didn't see your response before I posted my last comment. Yes, I did click through and read the links especially the "Sephardi Jews and the early years of The Bank of England" link.

The reason I mentioned this is because you labeled the Sephardic bankers but did not label the Ashkenazi bankers as such. I just wanted to bring up, again in my opinion, that for most of America's history, if not all, has been dominated by Ashkenazim.

I'm not trying to split hairs here.

Gregory Laux,

Why do you feel that it's the "Chinese" responsible for the hacking?

Follow what is to be gained by such an action. Namely the censorship of the the internet, all under the name of "terrorism" just like 9/11 which resulted, not only the sacrifice of countless innocent lives at home and abroad, but the massive loss of our liberties.

The greatest danger for the Zionists is the rapid spread of knowledge and that medium has been the internet, therefore, it "must be stopped".

Now, even the threat of solar storms is being mentioned to give the excuse for a "shut down" of power and communications, particularly any true source of information and reference, (porn sites excluded of course).

Their tool so far has been the Main media which is now losing the battle. The peoples tool of awakening has been the internet so it will be the next prime target.

19. Brother Nathanael June 14, 2011 @ 6:11 pm

Dear Words of Wisdom,

There was NO POINT in my identifying the Rothschilds as "Ashkenazi."

It really is NOT RELEVANT to the theme of this piece, the myth of a "free" America.

Words of Wisdom,

Sephardic first had a hold on America through their trade and delving into slavery.

Remember, Isabella kicked them (Spanish Jews) out of Spain close to the year 1500, where they migrated to places like Holland, and became 5th column fake Christians.

"During the sixteenth century, exiled from their Spanish homeland and hard-pressed to escape the clutches of the Inquisition, Spanish and Portuguese Jews fled to the Netherlands; the Dutch enthusiastically welcomed these talented, skilled businessmen.

"While thriving in Amsterdam — where they became the hub of a unique urban Jewish universe and attained status that anticipated Jewish emancipation in the West by over a century — they began in the 1500's and 1600's to establish themselves in the Dutch and English colonies in the New World. These included Curacao, Surinam, Recife, and New Amsterdam (Dutch) as well as Barbados, Jamaica, Newport, and Savannah (English)" extracted from link.

DWC,

I have been told to be quiet, but it is unfair for others to comment and not allow me to respond, so I will just say this and not say anymore.

This is a great introduction for anyone unfamiliar with the history of banking in America. I've already read all the Eustice Mullins books and watched the Money Masters video.

The only line in this article I take issue with is the very first sentence which says that Sephardic Jews dominated the Bank of England.

The only link in this article - <http://www.jhse.org/book/export/article/16630> -

supporting the statement that the Bank of England "DOMINATED BY SEPHARDIC JEWISH BANKERS" is not sourced properly and can not be independently verified.

It states that 1/9 of the members of the Bank of England had Sephardic last names in the year of 1701. While 1/9 is certainly a huge percentage for such a minority, it certainly does not prove DOMINANCE.

The only time the Bank of England truly was dominated by a Jew was in 1815 by Nathan Rothschild.

And let us keep in mind that nothing has changed.

Remember the Jew Jack Abramhoff and how he got his hands into several poor Indian Reservations (forced internment camps for the Native Americans) promising them Casinos (selling whiskey and rifles to the "Injuns" to set them up to be slaughtered by the Calvary).

AND then in TJB fashion ripped them off and ran away with the loot (and because of the JewSA's Jewdicial system got to keep all the loot he stole).

Incogman unwittingly or unknowingly answered his own question in the article without even realizing it:

Since Whites no longer work together for common goals, they can't possibly imagine that other races do either.

They assume the PC jargon that "deep down we're all the same" - disorganized, unconcerned and complacent.

Nothing could be farther from the truth and on how others organize.

The pathos is Whites are handed the bill for it all and accept it as a down payment on White guilt.

Dear Words Of Wisdom,

In his classic work, "The History of The Bank of England," by Sir John Clapham quoted

in the link I provided but also HERE @ <http://books.global-investor.com/books/281584/John-Clapham/Bank-of-England-2-Volume-Set/> written as a true Scholar LONG BEFORE Mullins wrote his books, Sir John Clapham stated that a HIGH PERCENTAGE of Sephardic Jews AS A RELIGIOUS & RACIAL BLOC compared to other DIVERSE stock owners of the Bank of England were proprietors of the Bank of England.

That means, (and it comes from Sir John Clapham NOT me), that Sepharic Jews BY PERCENTAGE as A RELIGIOUS & RACIAL BLOC ***dominated* the Bank of England's decision makers with HUGE wealth relative to the DIVERSE others as pointed out in his book.

Jews in 17th Century England were **predominantly** SEPHARDIC JEWS as I linked @ <http://www.mastermason.com/fmisrael/sephardic.html>

That is why I BEGAN THIS ARTICLE by stating, "DOMINATED BY SEPHARDIC JEWISH BANKERS."

AJ, I feel that it is a legitimate attack because these nations like the former Soviet Union, India, China, Brazil, etc... all can see how the central bankers control the major chess pieces and they all have knowledge of how that can be used against their own economies and governments.

One only has to recall how people like George Soros got his wealth to understand that these other nations have lots to gain by hacking in and seeing the actual data from the IMF computer servers.

It also serves to demonstrate to the elite that they will only tolerate so much game playing, as China demonstrate their abilities to disable our military satellites in space only a couple of years ago, using both ground based lasers and using space based objects.

I just feel that the time is right upon us for the tech savvy Chinese to demonstrate to our leaders and the elite Zionists just how capable they can be in attacking our systems.

28. Andrew June 14, 2011 @ 9:07 pm

Just a question:

If the Sephardic Jews dominated the Bank of England in the 1600's and 1700's, how did they LOSE their power? It seems to be dominated today by Ashkenazi Jews who as I understand it (correct me if I'm wrong) consider Sephardic Jews to be almost a lower life form.

If they had control of the purse strings for two centuries, how was that power wrested away from them?

FREEMASONRY EXPLAINED

"And out of the sea, in my vision, a beast came up to land, with ten horns and seven heads, and on each of its ten horns a royal diadem; and the names it bore on its heads were names of blasphemy.

This beast which I saw was like a leopard, but it had bear's feet and a lion's mouth.

To it the dragon gave the strength that was his, and great dominion." (Ap. 13:12.)

In this terrible struggle, there comes up from the sea, to the aid of the Dragon, a beast like a leopard.

If the Red Dragon is Marxist atheism, the black beast is Freemasonry.

The Dragon manifests himself in the force of his power; the black beast on the other hand acts in the shadow, keeps out of sight and hides himself in such a way as to enter in everywhere.

He has the claws of a bear and the mouth of a lion, because he works everywhere with cunning and with the means of social communication, that is to say, through PROPAGANDA.

The seven heads indicate the various Masonic lodges, which act everywhere in a subtle

and dangerous way.

This black beast has ten horns and, on the horns, ten crowns, which are signs of dominion and royalty.

MASONRY RULES AND GOVERNS THROUGHOUT THE WHOLE WORLD BY MEANS OF THE TEN HORNS

The horn, in the biblical world, has always been an instrument of amplification, a way of making one's voice better heard, a strong means of communication.

For this reason, God communicated his will to his people by means of ten horns which made his law known: the ten commandments.

The one who accepts them and observes them walks in life along the road of the divine will, of joy and of peace.

The one who does the will of the Father accepts the word of his Son and shares in the redemption accomplished by Him.

Jesus gives to souls the very divine life, through grace, that He won for us through his sacrifice carried out on Calvary.

The grace of the redemption is communicated by means of the seven sacraments.

With grace there becomes implanted in the soul the seeds of supernatural life which are the virtues.

Among these, the most important are the three theological and the four cardinal virtues: faith, hope, charity, prudence, fortitude, justice and temperance.

In the divine sun of the seven gifts of the Holy Spirit, these virtues germinate, grow, becomes more and more developed and thus lead the soul along the luminous way of love and of sanctity.

The aim of Masonry: blaspheming God

The task of the black beast, namely of Masonry, is that of fighting, in a subtle way, but tenaciously, to obstruct souls from traveling along this way, pointed out by the Father and the Son and lighted up by the gifts of the Spirit.

In fact if the Red Dragon works to bring all humanity to do without God, to the denial of God, and therefore spreads the error of atheism, the aim of Masonry is not to deny God, but to blaspheme Him.

The beast opens his mouth to utter blasphemies against God, to blaspheme his name and his dwelling place, and against all those who dwell in heaven.

The greatest blasphemy is that of denying the worship due to God alone by giving it to creatures and to Satan himself.

This is why in these times, behind the perverse action of Freemasonry, there are being spread everywhere black masses and the satanic cult.

Moreover Masonry acts, by every means, to prevent souls from being saved and thus it endeavors to bring to nothing the redemption accomplished by Christ.

If the Lord has communicated his law with the ten commandments, Freemasonry spreads everywhere, through the power of its ten horns, a law which is completely opposed to that of God.

To the commandment of the Lord: "You shall not have any other God but me," it builds other false idols, before which many today prostrate themselves in adoration.

To the commandment : "You shall not take the name of God in vain," it sets itself up in opposition by blaspheming God and his Christ, in many subtle and diabolical ways, even to reducing his Name indecorously to the level of a brand-name of an object of sale and of producing sacrilegious films concerning his life and his divine Person.

To the commandment: "Remember to keep holy the Sabbath Day," it transforms the Sunday into a weekend, into a day of sports, of competitions and of entertainments.

To the commandment: "Honor your father and your mother," it opposes a new model of family based on cohabitation, even between homosexuals.

To the commandment: "You shall not commit impure acts," it justifies, exalts and propagates every form of impurity, even to the justification of acts against nature.

To the commandment: "You shall not kill," it has succeeded in making abortion legal everywhere, in making euthanasia acceptable, and in causing respect due to the value of human life to all but disappear.

To the commandment: "You shall not steal," it works to the end that theft, violence, kidnapping and robbery spread more and more.

To the commandment: "You shall not bear false witness," it acts in such a way that the law of deceit, lying and duplicity becomes more and more propagated.

To the commandment: "You shall not covet the goods and the wife of another," it works to corrupt in the depths of the conscience, betraying the mind and the heart of man.

In this way souls become driven along the perverse and wicked road of disobedience to the laws of the Lord, become submerged in sin and are thus prevented from receiving the gift of grace and of the life of God.

To the seven theological and cardinal virtues, which are the fruit of living in the grace of God, Freemasonry counters with the diffusion of the seven capital vices, which are the fruit of living habitually in the state of sin.

To faith it opposes pride; to hope, lust; to charity, avarice; to prudence, anger; to fortitude, sloth; to justice, envy; to temperance, gluttony.

Whoever becomes a victim of the seven capital vices is gradually led to take away the worship that is due to God alone, in order to give it to false divinities, who are the very personification of all these vices.

And in this consists the greatest and most horrible blasphemy.

This is why on every head of the beats there is written a blasphemous name. Each Masonic lodge has the task of making a different divinity adored.

The first head bears the blasphemous name of pride, which opposes itself to the virtue of faith, and leads one to offer worship to the god of human reason and haughtiness, of technology and progress.

The second head bears the blasphemous name of lust, which opposes itself to the virtue of hope, and brings one to offer worship to the god of sexuality and of impurity.

The third head bears the blasphemous name of avarice, which opposes itself to the virtue of charity, and spreads everywhere the worship of the god of money.

The fourth head bears the blasphemous name of anger, which opposes itself to the virtue of prudence, and leads one to offer worship to the god of discord and division.

The fifth head bears the blasphemous name of sloth, which opposes itself to the virtue of fortitude, and disseminates the worship of the idol of fear of public opinion and of exploitation.

The sixth head bears the blasphemous name of envy, which opposes itself to the virtue of justice, and leads one to offer worship to the idol of violence and of war.

The seventh head bears the blasphemous name of gluttony, which opposes itself to the virtue of temperance, and leads one to offer worship to the so highly extolled idol of hedonism, of materialism and of pleasure.

The task of the Masonic lodges is that of working today, with great astuteness, to bring humanity everywhere to disdain the holy law of God, to work in open opposition to the ten commandments, and to take away the worship due to God alone in order to offer it to certain false idols which become extolled and adored by an ever increasing number of people: reason, flesh, money, discord, domination, violence, pleasure.

Thus souls are precipitated into the dark slavery of evil, of vice and of sin and, at the

moment of death and of the judgment of God, into the pool of eternal fire which is hell.

Br Nathanael, are you in agreement with what I heard Benjamin Freedman say in a lecture (posted online) that 90% of the world Jewry are Khazars and not Hebrews?

I am reading a copy of "Deadly Deception" by Jim Shaw, a 33rd degree Mason who became a Christian.

He explains the roots of Masonry as 'kabalistic', quoting Albert Pike. Some of the "elitism" and what I call worship of "mammon" seems to parallel information you have shared from the Talmud. Is it fair to say there are "true Jews" and Khazars? Do you agree with those percents? Its obvious the veiled attack against Christianity that is part of Freemasonry.

It seems there is this great thread of evil that wields so much influence in the world (Jewry and Freemasonry).

I am mystified how any "born again" believer cannot see the conflict in Masonic Doctrine and the Bible and join the Masons. Hope this is on topic enough- I am thinking of its control and that some founders in America were Masons, except I read

that Ben Franklin did not want to allow Jews in America.

To sum up a question would it be helpful to expose the "Jews" as Khazars and the Jewish anti-Christ deception in the roots of Masonry?

One thing is obvious, as you have said too, I see no scriptural basis for God's blessing on the "Jews" as it is often said, but that is is the blessing of the god of this world, Satan they really serve and worship, and they have the riches the devil promised for such worship that Jesus (praise Him forever!) rejected.

God's blessings are given in Psalm 1, that hardly fits them.

Elgin Earl Groseclose, «America's money machine: The story of the Federal Reserve»
Arlington House | ISBN: 0870004875 | 1980 | PDF | 286 pages | 18.7 MB

Cover: <http://pixhost.info/pictures/1723741>

Groseclose is clearly on the conservative side of the aisle, and the back of my copy's cover contains a blurb attributed to Jesse Helms, April 23, 1979, where Helms compliments the author as "A scholar for whom I have great respect..."

If that's enough to turn you off to the author, then you should probably stick with liberal authors like John Kenneth Galbraith. Galbraith's books such as A SHORT HISTORY OF FINANCIAL EUPHORIA or MONEY: WHENCE IT CAME, WHERE IT WENT will probably be better suited for you.

Nevertheless, if one does not take offense to such conservative associations, then this book can still be approached as a useful body of information.

It should be noted that Groseclose is much too professionally trained to rehash the sort of dishonest claptrap spouted by G. Edward Griffin, Gary Allen, Eustace Mullins, Alex Jones, David Icke and other Right-wing hucksters.

Rather than portraying the creation of the Federal Reserve System in 1913 as some sort of clandestine coup d'état carried out by the Illuminati/Freemasons/Rockefellers/Rothschilds/lizards or anything similar, Groseclose traces the history of how the crisis of 1907 raised broad public demands for a change

which led after several years of back-and-forth political give-and-take to the creation of the Fed.

Groseclose interprets the Crash of 1929 as the result of real uncertainties in the market, rather than something craftily planned by the Learned Elders of Zion.

Nevertheless, his attempt to argue for a return to a gold standard was rather unpersuasive, in my opinion.

In his concluding chapter Groseclose attributes to "many conservative economists" the idea "that an expanding economy needs a continually expanding money supply" and he attempts to equate this to the idea that "if a cloth merchant doubles his yardage sales he must double the number of yardsticks in his establishment."

I found this to be a totally false comparison. The cloth merchant is not required to provide customers with a yardstick for every yard of cloth which they purchase. But every purchase within the standard economy requires some form of money to be paired with the good or service that is being received by one or more of the parties.

Groseclose is here trying to push his gold standard argument, and at such points he can sound like a representative of the Mises Institute. Despite that drawback, Groseclose has produced a book which is vastly more reliable as a source of information than most of the rubbish which is in circulation right now.

If you're taking an honest critical-minded interest in such monetary history then you will almost certainly find some use for this book.

The reason the Bilderbergers * [see below] looked so glum on their mountain hike in Geneva is because they are putting the finishing touches on this NWO, and they know they are condemning their eternal souls to hell.

Or could it be that they are having feelings of remorse for the ensuing enslavement these finishing touches will have on the majority of the people under their control?

If that is the case, I say to you, members of the Bilderberg group, "Come out of her my people, so that you do not partake of her [World government] sins."

Michael,

Good questions. I just finished reading 33 Degrees of Deception by Tom C. McKenney, who co-authored the book Deadly Deception, and he also points to the fact that Freemasonry is based on the Jewish Kabbalah. There can be no reasonable doubt about that. More information on the Jewish-Masonic connection can be found here:

<http://sealofsolomon.tripod.com/NOAHCHID.HTM>, where evidence is presented that seems to show that Freemasonry may be subordinate to Judaism.

Yet as you say Ben Franklin and no less an adversary of the international banking

syndicate than President Andrew Jackson, among other noteworthy Masons. Both spoke and acted without any noticeable objections or hindrance from corporate Freemasonry, against Judaic interests, which seems to contradict the theory that Masonry is controlled by Judaism, or is somehow subordinate to Judaism, as others claim.

The explanation, I think, lies in the sophistication and cunning duplicity of the enemy, as it was allegedly expressed in the Protocols. The plotters understand that it is not necessary nor expedient that they directly control those who advance their cause.

It is preferable and often necessary, as Rakovsky also points out, that those who are being manipulated and financed by the Cabal remain ignorant of the real purposes and people that they unwittingly serve. Otherwise, they would refuse to support causes which will ultimately lead to their enslavement, destruction, and damnation. But, as Jesus Christ said, the truth can set them free!

The Rakovsky interview will answer many of your questions, I think. It can be found, in good part, in the book *Towards World Government* by Deirdre Manifold, edited by Cornelia R. Ferreira and parts of it are also posted on the internet.

In that interrogation of Rakovsky, who was a high-level Jewish Freemason allied with international Jewish finance and tied-in with Trotsky, i.e., Bronstein, he shows, for example, that while it may appear that Communism and Capitalist Finance are at odds, the financier is just as international as Communism, a fact which Freemason Napoleon Bonaparte came to understand, which is why he turned on Judeo-Freemasonry and its Jewish financial backers in London and sought to bring down the Cabal of rich Jew banker bastards in London with his blockade of Europe.

Just so, like Napoleon, many — probably most — Freemasons are not meant to understand to what purpose they tend in serving Freemasonry, but since some of the more intelligent and inquisitive do find out, they balk against the powers that put them in power, just as Napoleon did, and so the rich Jew banker bastards hate what they call "Bonapartism," which is to say, they hate it when their dupes discover the truth.

The degree to which the person understands the plot against humanity varies, so some, like Ben Franklin, may criticize the Jews yet still advance Freemasonic ideals, not knowing that thereby the interests of the Synagogue of Satan are served.

Msgr. Jouin, way back when, understood the tie-in between international Jewish finance and Freemasonry, as well as the plot to revive paganism and build a New World Order where Israel will rule the world, etc. One of his outstanding lectures is posted at:

<http://www.destroyfreemasonry.com>.

This is a keeper and one to give some deep study...on top of forty something years of deep study already.

Thank you Brother Nathanael, especially for clarifying the Sephardic Jewish aspect of the Dutch and Early American histories.

Jew Bankers Piss on Morals

I bet the title is no surprise for people who understand the Jewish question, but many of our folk do not understand this issue at all.

Many are innocently going about their daily lives trying to survive within the matrix of newish control, and as of late, many are struggling just to keep a roof over their head in this purposely engineered great depression.

This video below is a great example of how Jews piss on the morals of humans.

The woman in the video below worked in collections for Bank of America, collecting debt from Americans who are suffering in this new depression.

Unfortunately, this woman had a conscience and good morals, which are qualities Jews absolutely abhor.

In fact, when you hear how her boss fired her for helping struggling Americans onto a debt relief program, while at the same time feigning praise for her morals, it should make your stomach wrench itself into knots.

Brother Nathanael,

This is outstanding research you have done here! Thanks!

We will send you some financial support for this.

Your information beats the Rothschild-managed Economist into burnt, beat, smashed,

It is errornous to think, as most people do, that simply because the U\$ dollar had been decoupled from the metal base system then it is not backed by anything.

The U\$ dollar is based on oil, a kind of black gold which is more valuable than gold and silver combined and which has a practical use even in the production of these noble metals. That is why all those whose interests are based on the dollar vehemently oppose any and all forms of alternate energy systems or any technology that will make oil lose its black but lethal lustre.

For a fair world, especially to those that make noises about democracy, there should be a basket of currencies instead of the prevailing U\$ dollar, a currency that forms the back-bone for our warring civilization and the sundering of mankind.

"...They have the riches the devil promised for such worship ..."

Would like to see more in the mainstream church, in particular the African American Church understand that God does not - bless - people with riches.

You are so right +BN when you say that America is enslaved by the Jewish Banksters, these scum own the politicians lock, stock, and bagel.

You correctly advise the newly aware to do as many of us have already, stock up on food, water, weapons and such.

The Jew can enslave our system but can not enslave our minds, we can be creative and usurp their enslavement. Civil disobedience should be practiced by all on a daily basis, they can take all their restrictive laws and shove `em. Hopefully more groups will emerge that trade goods and services as barter in place of funny money.

States are following Utah and coining real currency, and Gergory Laux could be on to something, could a cyber hit on the IMF spell trouble for the whole Jew system?

The political landscape has become a tragic comedic movie, those in the know just sit back and watch the insane, obvious and totally treasonous actions of the puppets in power, as the greedy Jew schemes and pulls the strings.

There are LOTS of us out here that refuse to shovel the Jew crap, many stay silent out of fear but let the word go out that the Satanic Jews do NOT have the control they think, they might own the stooges in power but when you boil it down it is up to every individual to seek the truth and strive to live a wholesome and happy life.

Be creative and avoid as many Jew traps as you can, you will find that once you break free the fog lifts and feeling returns.

God bless you +BN, what more can you do?

Great article Brother.

I also found this corruption.

So did many others back when the first central bank was afoot.

They (some of the original founders) created a "Titles of Nobility" amendment to remove corruption from the republic.

There is evidence that suggests TONA is in fact law and was accepted by the appropriate majority of States.

However since it is buried (by war and deceit) please visit tona2009.com and help create the new amendment against corruption.

The only change from the original TONA is the inclusion of "secret societies" and the removal of Congressional oversight.

"Jew Bankers Piss on Morals" EvaneScence

I thought in polite circles we were to refer to that as Trickle Down?

55. Lindsay June 15, 2011 @ 10:48 am

@Kirk

People who have the truth and don't express it, don't do it because those in power

don't want to hear it, and the messenger doesn't want to be killed or dismissed (Emperor's New Clothes) or the timing of it is not right. Timing is a critical point. You need a preliminary campaign buildup in order for the truth to be accepted.

@Vox

You need to know what you are organizing around- Christianity? (this cuts across many races; Western Civilization?-the defense industry tends to organize around this, free market systems?

-anti-Zionism?- who are those impacted by it?-those are your constituents

Define the terms

56. The fed sucks June 15, 2011 @ 11:40 am

As you state and I have researched already, our founding fathers voted these banks in which makes them traitors.

IMO there is more to history then we know. Maybe they set it up that way from the beginning, but maybe not.

The truth is, they saddled us with the debt and that was a treasonous thing to do. Whether they were manipulated or not is irrelevant, the proof is there, the central bank was established, the treaties were signed, and we never were free from our masters.

Meet the new boss, same as the old boss. Different puppet, same masters!

57. Vox June 15, 2011 @ 12:08 pm

@ The fed sucks

Not only was it treasonous they also broke their own laws

"The Congress shall have Power To coin Money and regulate the Value thereof."

First thing to understand is that Money is that which society sees as money, be it a coin or a digital bookkeeping entry.

The second thing to understand is that most of the money in circulation is created by private commercial banks such as Chase, or Bank of America. Using the fractional reserve principle, bank credit exists independently of the money deposited by customers.

The volume of money in a society has different definitions. There is the M0, the M1, the M2 and the M3. From the base money, Private banks create money by extending

credit or creating money out of thin air.

For example: suppose that someone deposits \$20k in a bank. The bank says: We know have \$20k to loan. The Banks loans the \$20k to some credit worthy consumer. But what happens is that the original depositor withdraws the \$20k but the loan is still in existence.

This Credit money acts as real money and has the same effect as if someone was to go to a warehouse and start printing their own money. The money will be spent wildly, diluting the supply of money and causing inflation.

When there is no longer anyone left that can borrow money, the money supply shrinks causing bankruptcies, unemployment and foreclosures.

Bank Credit accounts for more than 97% of the total volume of money in the USA. The Federal Reserve merely acts to help these private commercial banks.

If the Congress has abdicated their money making power to private entities, then it cannot possibly be legal because Congress cannot renounce their constitutional responsibilities.

There are very powerful lobbyist who influence representatives. For example a recent Congressional banking committee formed to investigate bank activities that may have caused the recent recession, each of the committee members had received campaign financial support from large banks. Also remember that Obama's biggest contributor was Goldman Sachs.

What you then have is "taxation without representation" because the general public is being fleeced (taxed) through these phony monetary policies.

This means that the United States Federal Government is in violation of the Constitution and is declared null and void and no longer has to be recognized by the citizens. BUT tell that to the Talmudvision watchers and they'll go bezerk!

Bank R*E*V*O*L*T

Close your big bank accounts(s) and move to a smaller local Credit Union.

Shop at local stores, farmers markets for food.

Fight all credit debt, dispute it, demand validation and fight it in court — YOU created the money via debt, on a Unilateral Contract with your signature.

Its easy to fight in Court, all monies were securitized via Wall Street. In most cases they have no contract, only bogus affidavits and the affiants can be subpoenaed and

must be — then you pick them apart.

Stop feeding the beast.

59. Bill June 15, 2011 @ 1:14 pm

Lastly,

Everyone on here reading, NEEDS to hire an attorney to file a Lis Pendens on their home..ie A Quiet Title. Dispute the Ownership.

Its not costly to do (though many attorneys don't 'get it.' Reference LIVING LIES BLOG for instructions and to find competent legal counsel, the Fraud and Securitization (Separation of note and mortgage) will net you your home free and clear.

If you're struggling, best to go on offense rather defense, but should be done by everyone. You created money with your signature again with the note instrument!

60. Joe Cortina June 15, 2011 @ 1:53 pm

Excellent article as even more proof that the Jews are the cause of virtually every moral and economic problems which have all but destroyed us as a nation/Republic (A nation of LAWS).

I ask all of you use this valuable site for more than entertainment - to show your support for its maintenance with LOVE. Love IS the willingness to make sacrifice. Prayers are talking the good talk. That is NOT a sacrifice! GIVING from your purse IS a sacrifice - even if a small one. GIVING - IS WALKING THE WALK! Christ loves 'WALKERS' (doers sacrificers).

The POINT of the presentation is NOT an ecclesiastical lesson on the history of the who's who of Jew tribes - their lineage or original authenticity or their Satan worshiping gutter religion !

It matters not one flying rat's ass whether the self identified 'Jew' is Sephardic or Ashkenazim or any other variety of timeless eternal scum.

Martin's comment was the ONE which made the most sense of ALL! We still tend to get involved in inane trivial meaningless minutiae. He said it BEST! He was trying to give you readers the SAME message that I and Bro. Nathanael are.

"Does it really matter what type of Jews they are ? They are all the scourge of humanity, with the destruction of Christian humanity as their main goal !!!"

We are engaged in a deadly mortal combat for our lives and freedoms with the most evil, degenerate, cunning, sadistic, criminal masters of deceit in the history of mankind!

We WILL NOT win this battle with endless 'mental masturbation'. We need to absorb all the proof of their evil we can - share it with as many people as we can - and confront them on a DAILY basis as the scourge of humanity they in reality are!

The chances that the 'Jew' you have as a neighbor is a decent, Godly, truthful, compassionate, moral, patriotic person and NOT your MORTAL ENEMY -are about the same as finding a rattlesnake you can trust with your children.

Speaking of Jew vipers -there are 32 species of RATTLESNAKES - ALL deadly vipers capable of killing a grown man. It matters not whether they are Eastern Diamondback or Western Diamondbacks - or Timber rattlesnakes - or Pygmy rattlesnakes or South American rattlesnakes.

If you find one in your children's nursery - or their playground YOU KILL IT - or you place your loved ones in mortal danger - PERIOD!

ALL you need to know about Jews is that the people in that mob who were screaming for the torture and sadistic death of our Lord that day twenty centuries ago WERE JEW VIPERS - PERIOD!

They are of the SAME ilk as the monsters who scream for the death of helpless innocent children in Gaza today - or the filth I saw in Hebron IsraHELL screaming at Christian Palestinians that " f**k your Jesus - we crucified Him before and we will do it again."

ANY decent people on earth would not tolerate such blasphemous filth in their presence - yet I heard NO Jew there condemn such vile filth. They are the same vipers who threw out our Nativity tradition at the White House and substituted that Satanic Devil's pitchfork monstrosity in its place as a tribute of their hatred of Christ.

ALL of you - go back and READ MARTIN's statement again! In it you will see the TRUTH - the fear and blindness of which has been the singular major impediment to ridding our land of this scourge of demons and criminals!

Craig Pepe - your point was well taken - but you might do better to show concern for these Negro Churches (and ALL so-called Christian Churches) — for the FACT that they NEVER EVER read to their flock what is undoubtedly one of the most prophetic statements ever made by our Lord concerning His judgement of the evil nature of the Jews.

ASK them - Craig - why they NEVER EVER witness for the words of Christ in John 8-44? You don't suppose that the Priests or Preachers or Pastors would sink so low and so spineless as to fear offending the "Devil's children"?

Just reflect on that for a moment and ask yourself WHY you have NEVER heard it read from ANY pulpit from ANY Church - IN YOUR LIFE!

As long as OUR OWN so-called Christian leaders are such spineless apostates and apologists for the Jews - we will NEVER BE A FREE MORAL AND DECENT PEOPLE AGAIN! Mark my words.

Now go out and put some of this valuable knowledge Nathanael has shared with us to REAL USE!

Joe Cortina

AND PLEASE - no ignorant apologetics for 'putting words in Christ's mouth' as to incorrectly 'interpret' His ULTRA CLEAR meaning that he was addressing the JEWS and NOT 'JUST' the Scribes and Pharisees. Leave those shameless deceits to the Jews. Lying is their inherited craft and purpose in life.

Astute observation.

'First thing to understand is that Money is that which society sees as money, be it a coin or a digital bookkeeping entry.'

The whole world is going back to first principles and that is bartering, ie exchanging commodities, value for value.

Exchange of goods between free people without the bank's intermediary is what the bankers fear most because they understand that such a system is their final EXECUTIONER.

A pound of common salt for a pound of gold as it were only about 500 hundred years ago and both parties were satisfied.

U\$ dollar please look for a foster papa.
