## [US Earthquake Weapon Test Fails Again, Destroys New Zealand City](#)

Posted by [EU Times](#) on Feb 23rd, 2011 // [17 Comments](#)

A grim report prepared for Prime Minister Putin by Russian Space Forces Command ([VKS](#)) states that the catastrophic 6.3 magnitude earthquake that destroyed New Zealand's second largest city of Christchurch on 22 February was another "failed test" of a United States "earthquake weapon" similar to the one that destroyed the Caribbean island nation of Haiti last January (2010) killing over 500,000 people.

To the deadly US "earthquake weapon" that destroyed Haiti we had previously reported on in our 14 January 2010 report [US Quake Test Goes "Horribly Wrong", Leaves 500,000 Dead In Haiti](#), and to which, sadly, the only world leader to speak out against was Venezuelan leader Hugo Chavez, and as we can read, in part, as [reported by Fox News](#):

*"The United States apparently possesses an "earthquake weapon" that set off the catastrophic quake in Haiti and killed 200,000 innocents. Don't believe it's true? Just ask Hugo Chavez.*

**Hugo Chavez: US 'Tectonic Weapon' Caused Haiti Quake**

Jan 22, 2010 8:00 PM CST

*Citing an alleged report from Russia's Northern Fleet, the Venezuelan strongman's state mouthpiece ViVe TV shot out a press release saying the 7.0 magnitude Haiti quake was caused by a U.S. test of an experimental shockwave system that can also create "weather anomalies to cause floods, droughts and hurricanes."*

*The station's Web site added that the U.S. government's HAARP program, an atmospheric research facility in Alaska (and frequent subject of conspiracy theories), was also to blame for a Jan. 9 quake in Eureka, Calif., and may have been behind the 7.8-magnitude quake in China that killed nearly 90,000 people in 2008.*

*What's more, the site says, the cataclysmic ruin in Haiti was only a test run for much bigger game: the coming showdown with Iran."*

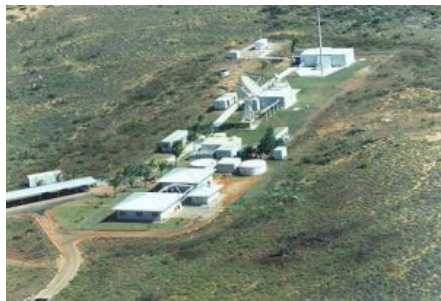

The United States nearly complete control over their propaganda media organs had previously been evidenced in our 11 February report [CIA Spy Captured Giving Nuclear Bomb To Terrorists](#) wherein we detailed that Russian intelligence services had "confirmed" that Raymond Allen Davis was a CIA agent, but the American people were not allowed to know the truth, and as we can read, in part, as evidenced by Press TV in their article ["US orders media to lie over CIA killer"](#), which says:

*"A US investigative journalist says Washington had ordered the American media to lie about the identity of the CIA agent, Raymond Davis, who has killed two Pakistanis. "The New York Times has admitted that they knew this and withheld the information at the request of the Obama administration from some time maybe as far back as Davis's arrest," David Lindorff, author and investigative journalist from Philadelphia, told Press TV's US Desk on Tuesday."*

Further evidence of US government control over their propaganda media organs we had, also, detailed in our 4 January report [Top US Official Murdered After Arkansas Weapons Test Causes Mass Death](#), but which only this past week had London's Daily Mail revealed in their article ["Pentagon aide 'was killed by hitman' claims distraught widow"](#) the truer facts of this case, and as we can, in part, read:

*"Prominent Washington aide John Wheeler was assassinated by a hitman in a targeted killing, his widow has claimed. Katherine Klyce said the way her late husband's body was dumped at a landfill site could only have been carried out by a professional. The 66-year-old suggested his work with the Pentagon over his decades-long career could have made him enemies who wanted rid of him."*

To the catastrophic damage done by this latest "failed test" of a US "earthquake weapon" new reports are saying that, aside from the [hundreds believed killed](#), the cost in damage has made it the [seventh-most costly natural disaster for insurers since 1970](#) estimated at over \$12 Billion.

According to this VKS report, the US test of this “earthquake weapon” originated from the joint Australian-US Planetary Defence Base named [Project Wormwood](#) (photo right) located at the Learmonth Solar Observatory that upon “warm up” caused a [4.7 magnitude earthquake to hit the Northern Territory](#), and less than 24 hours later was “directed” at New Zealand’s [Tasman Glacier](#) located in their Southern Alps region 120 miles (200 kilometers) from the now destroyed city of Christchurch.

[Note: The Wormwood Project is named after the [apocalyptic “end of days” star Wormwood](#) found in the Christian Bible’s New Testament Book of Revelations.]

The purpose of this “earthquake weapon” test, this VKS report says, was for the “benefit” of a [US Congressional delegation](#) reported to have left Christchurch barely 2 ½ hours before the catastrophic trembler hit, but who left behind one of their “members”, the United States Federal Emergency Management Agency ([FEMA](#)) Deputy Administrator [Timothy W. Manning](#), who is now coordinating America’s response to the disaster.

Important to note is that in the test of their “earthquake weapon” last year the American military had, also, [pre-positioned General P.K. Keen](#), the Deputy Commander of the Southern Command, in Haiti to coordinate his countries disaster response.

Equally important to note, this VKS report continues, is that just like Haiti was the catastrophic victim of a US “*earthquake weapon*” due to a [previously unknown fault line](#), so was New Zealand, and as we can read, in part, as further [confirmed by London’s Independent](#) News Service: “*The devastating earthquake that tore through Christchurch on Tuesday is the product of a new fault line in the Earth’s crust that seismologists were previously unaware of*”.

To the science these US “*earthquake and weather*” weapons are based upon we have previously detailed in numerous reports, including those [linked](#) in this report and: [Norway Time Hole “Leak” Plunges Northern Hemisphere Into Chaos](#) and [Leaked Cable Reveals Obama Sent To “2012 ALICE Bunker” Due To Norway “Spiral”](#).

Most unfortunately for the American people in all of these events is their continued blind obedience to their government controlled propaganda media organs regarding the truth of these things, and who only need to say “*turn away*” to get these mindless souls to quit seeking truth for themselves.

This is probably the most ignorant story I have heard. Whoever fabricated this is obviously uneducated moron that is trying to stir the pot. The United States has done nothing but HELP other countries in need. What is the US doing in Africa saving a numerous amount of lives curing malaria and other curable diseases when simply if the country educated themselves. The US is continually feeding, saving, helping and making the world a better place and sometimes at the expense of losing our own people. With the amount of time and money spent on countries less fortunate or after a horrific event...we could have cured our own or fixed our economy. Whoever came up w this is insane and ungrateful. If the US wanted to create an earth quake then why not do it in Afghanistan or Iran? I am sure you could hear the cheers if we shook Osama BIN Laden out of his little cave he is hiding in. Please! Any why New Zealand when many many US Citizens frequent there or live there. I expected more from conspiracy theorists relating the name of where the quake was...Christchurch...hmmmm I am sure that is another sign. This time from the US haha. Did you know the US makes the volcanos, earth quakes, hurricanes etc. Don't flatter yourselves if we had those capabilities we would be self resilient so we don't have to even associate with whatever simple mind dreamt this up.

I donot know why for every thing we blame America( and Israel) . They are equally good or bad as any other human being living on this planet . I think there is so much of space available to do 'good' for humanity , that leaves nothing for destruction . We as 'Human Beings' must rise above the divides of Color/ Language/Religion or Belief . This accident

( earthquake) is unfortunate part of the nature . Let God rest souls of deceased in peace . And grant courage for the survivors .

This is correct about people in general. But when it comes to politics and interests, there is no limit to low they can stoop. Recent case in UN is an example – A resolution that called for condemnation of actions not in line international law was vetoed.

I just went and looked in the mirror and I promise you I don't have 'A...hole' written on my forehead !Where in the world would the USA get so much power from ? For every action there is an opposite and equal reaction so for the reaction (6 or 7 magnitude earthquake) the input would have to be 6 or 7 magnitude !!!!!!!!!!!!!!!!!!!!!

H.A.A.R.P. technology has been coming on for decades! The evidence of its existence and what it's capable of is irrefutable. So, to the author of this article, please don't be put off by the countless ignoramuses only to eager to contribute their 2 cents worth -which isn't even worth 2 cents thanks to the great efforts made by the Zionist central-bankers at the Federal Reserve to bankrupt the global-economy! It's funny how the people without any answers always presume to have all the answers.. probably the very same ones who condemned Christ and then established "Christianity" in the wake of his crucifixion. The ignorant are called ignorant coz they believe everything they're told, too afraid to seek out the Truth on their own. So I take my hat off to you and all the Lightbearers and Seekers of Truth, we're ridiculed, rebuked, and condemned in this Age as we have been in all the others. So i admire your courage! Keep the Faith.

Your right. Haarp risked their OWN lives to shift the world. Do you understand that??? A large scale earthquake can shift the techtonic plates. And unlike most people and countries Americans have a high regard for life in general and wouldn't harm it. If we truly wanted population control, you wouldn't know it cause you would already be dead. Get it...US is intelligent enough to control life but we don't. We don't even execute a mother for brutally murder her children instead we take pity. We may have screwed our economy up but even so, who aided Haiti with Millions of dollars when their earthquake hit yet we have our own homeless from job loss. Perhaps whoever wrote this or believes it is giving us a hint. The world needs population control. Why should my life be cut short or not as good because some family somewhere else decides to have 10 kids and can't afford it. Maybe we should send a tsunami their way. Ha!! That's how ridiculous this sounds. Lastly...bewareful what you wish for. And I am proud to be an American...our govt and people aren't perfect but if you don't like it then LEAVE!!!

If anyone doubts this accurate information, I suggest you research it yourself on Google as H.A.A.R.P. conspiracy or see You Tube Jesse Ventura's show, Conspiracy Theory project HAARP, FEMA, Police State and also see <http://www.infowars.com>, <http://www.prisonplanet.com>, Wake Up Call: New World Order, Loose Change, this is all true and accurate information. The US with the UK and other countries have conspired for world domination to destroy much of the population of this earth, 6.5 billion souls to be reduced to no more then 500,000, see Georgia Guidestones, their plan is to RFID chip everyone that survives to control them like sheep. Also, 9/11 was an inside job and all the lies we have been told includes the vaccination scams and mass diseases created by powerful large Drug companies that are purposely creating diseases or Bio-Terrorism to reduce the global populations. Also see HAARP technology <http://www.disclose.tv/forum/haarp-the-evidence-of-u-s-secret-weapon-t28696.html> by Russian Scientist Nicolas Tesla, if your open to see the truth you'll see it's all true and accurate! I read two books about the HAARP teck... about 25years ago, by Tom Beardon. The books were in great detail, re:Russian Weapons Research... that could also be used for the betterment of humanity, the USA were behind in this field (Then) It seems they have developed their own HAARP systems, not for good, but for their stupid evil agenda. Oh!!! other countries have similar HAARP systems. It's apparent they have started using these weapon type systems on eachother and putting the blame on natural disasters where none be the wiser as the propaganda re:Nibiru and its effects on planet earth.

Who ever tryed to ban sites like infowars.com & prisonplanet.com propbably started PlanetX propaganda as a cover for what these evil beings have in mind for planet earth.

As for "avalex" I've met a lot of people like you, you probably believe in GOD...no time for anything else. Your GOD has failed...FAILED...in creating a happy world!!! yet stands by while lies and destruction of humanity is ever increasing. Please keep on praying for love and peace...

Narrow minded people will never understand the true meaning of the bible and it's final moments. Why should they, they jump to rash conclusions without seeing the historical evidence or the true followers in Israel. I don't mean Zionists either, I mean the true faithful in Almighty Yahuwah, God! For those that do believe I came across this beautiful video, (copy & paste) <http://www.youtube.com/watch?v=NMDZm9p2SE8> enjoy and share. The final moment is indeed near, be prepared for Glory!
