

# Nature's Wonder Drug Curbed by Illuminati

January 22, 2012

**"My father, a high-level Freemason, told me how man's knowledge of seeds were the "key" to controlling the Kingdom of not just heaven, but also the Kingdom on earth."**

The Illuminati can be attacked on their vulnerable flank, the suppression of cannabis. This would undermine their pharmaceutical and medical monopolies.

**by Charlotte Harrison-Smith**  
(henrymakow.com)

**For most of my life**, I believed Hemp and Cannabis, or Marijuana, was an evil visited upon our society. I viewed those who used it as slow, ignorant and lazy. I had never taken any time to research the subject because I trusted the government verdict.

Then, in 2004 I read an article entitled "*The Brain's Own Marijuana*" (<http://www.doctordeluca.com/Library/WOD/BrainsOwnMJ-SA04-NoPix.pdf>) by Roger A. Nicoll and Bradley N. Alger, in *Scientific American detailing* medical benefits from the plant.

First I felt astonishment, then anger, that my government had obviously been lying to me. I felt shame for my self-righteous judgment of pot users.

When the National Institutes of Health (NIH) posted the following statement on their website and then later removed the portion that stated "**Cannabinoids appear to kill [cancer] tumor cell**" I became so outraged that I filed a complaint of RICO against the Freemasons with the U.S. Inspector General.

**Here is the ORIGINAL post from the NIH.**

**"Cannabinoids may cause anti-tumor effects by various mechanisms, including**

**induction of cell death, inhibition of cell growth, and inhibition of tumor angiogenesis and metastasis. Cannabinoids appear to kill tumor cells but do not affect their nontransformed counterparts and may even protect them from cell death."**

**...The potential benefits of medicinal cannabis for people living with cancer include anti-emetic effects, appetite stimulation, pain relief, and improved sleep. In the practice of integrative oncology, the health care provider may recommend medicinal cannabis not only for symptom management but also for its possible direct anti-tumor effect."**

Radiation causes cancer. This is a fact. Cannabis kills cancer cells. This is a fact.

NIH clearly demonstrated willful and wanton ignorance of the benefits of Cannabis by altering their original post. I knew then and there, that the laws prohibiting Cannabis were the result of a Racketeering Conspiracy so large and pervasive that no one wanted to speak about it in public. When you become knowledgeable of something you are then responsible to do something about it. It was then and there that I remembered something that my father had told me when I was still a small child.

My father was a high-level Freemason who was responsible for training 33rd degree initiates in this lodge. He told me the story of how man's knowledge of seeds were the "key" to controlling the Kingdom of not just heaven, but also the Kingdom on earth. He told me that there was sacred knowledge in understanding seeds.

At that time, I didn't understand. But now, after reading the *Scientific American* article, his words meant something. I had finally figured out what the secret oath of the Freemasons was all about. It was about suppressing the cannabis and hemp seeds so that those Freemasons in control of Big Pharma, Big Chemical, Big Food Manufacturing and Big Oil could profit. These are the four pillars of Satan's Kingdom. And for that much, I thank my father.

Until Americans stop the Illuminati racketeering in suppressing Cannabis and Hemp, nothing will change.

The people must stand up and CLOG THE COURTS in the same manner that Americans clogged the courts and jails in order to nullify the Puritan's laws prohibiting the celebration of Christmas. Who remembers that it used to be against the law to celebrate Christmas in America?

The time for subtle suggestion and for intellectual finessing on the subject of Cannabis and Hemp is over. It is time to tell it like it is. It is time to be blunt!

Shame on the legal profession for its failure to speak up and protect the American people. For this reason alone, all Bar Associations should be outlawed in our nation. And if those designated as our leaders are unwilling to acknowledge this conspiracy, then we know that we are being led by hypocrites and conspirators of this fraud against

our health.

The aims of this fraud are:

- a. Increasing the wealth of their brethren owners within the pharmaceutical, chemical, oil, insurance, health providers and food manufacturing industries.
- b. Achieving their diabolical plans to drastically reduce the earth's population by leaving the American people unprotected from the ravages of cancer even as we experience increased cosmic radiation exposure during earth's transit through harmful cosmic bombardment and fallout from nuclear accidents such as Fukushima, which will only increase due to earth changes. NASA has already admitted that humankind's DNA is being altered by the rays of our sun.
- c. Demoralizing a minority population which they despise simply by reason of the color of their skin by using the brutal and insidious enforcement of its unconstitutional laws to further restrict their access to employment, housing, education and other benefits and permanently smearing or "marking" the victims character and public and criminal records as a result of the enforcement of the laws prohibiting cannabis.

## HISTORICAL PERSPECTIVE

Cannabis only became illegal after the Marijuana tax act was passed in 1937 as a result of a Masonic propaganda campaign. The campaign sensationalized false claims about Cannabis. The film *Reefer Madness* spread hysteria and false information.

The medicinal and religious use of Cannabis dates back to 5,600 B.C. Hemp was a crop that the founding fathers of this nation grew and traded. It is intellectual insanity that the American people have allowed this conspiracy to continue for so long. The tenants of the Freemasonry cult are in direct opposition to the ancient practice that promotes Cannabis for spiritual development and health. The conspiracy to suppress and prohibit the use of Cannabis and Hemp is an act of Racketeering and a violation of the RICO ACT.

The ultimate aim of Freemasonry has not simply been the intellectual confusion caused by their "marijuana" propaganda to support their conspiracy against Cannabis and Hemp, but ultimately they seek the total spiritual, physical and moral destruction of their victims by making the Holy Herb of Cannabis illegal for use in daily prayers, depriving the people of the single food source that contains all essential amino acids required to sustain human life, placing the treatment of cancer outside the reach of the common man, and "marking" those in possession of or trading with it with lifetime stigma that robs them of the general benefits afforded to the rest of society.

Those who make secret oaths must never be allowed to serve in government. Without knowing the nature of their secret oaths, we can never know if their "secret interests" conflict with the interest of the American people.

All Freemasons must be removed from our government, investigated, and if warranted,

prosecuted. They must be stripped of their assets and their assets used as reparations for all those who have suffered harm and incarceration as a result of the laws that prohibit cannabis and hemp.

Shortly after I sent my complaint of RICO to the Inspector General, Ron Paul and Barney Frank introduced H.R. 2306 - Ending Federal Marijuana Prohibition Act of 2011 to remove the federal government from any aspects of regulation related to Cannabis and returns this right to the states.

Help me help us. Shut down their corrupt legal system and clog the courts until the people are free.

Anyone who wishes to receive a copy of my March 28, 2011 complaint filed with the Office of the Inspector General in Washington D.C. can insect it here: [hang cannabis conspirators wo city.doc](http://www.henrymakow.com/upload_docs/hang%20cannabis%20conspirators%20wo%20city.doc) ([http://www.henrymakow.com/upload\\_docs/hang%20cannabis%20conspirators%20wo%20city.doc](http://www.henrymakow.com/upload_docs/hang%20cannabis%20conspirators%20wo%20city.doc)) I am not an attorney and am not giving legal advice to others. I welcome the assistance of any lawyer with the courage and conviction in their heart to stand up and help the American people in this battle and bring this racket to an immediate end.

Charlotte, great article and thanks for the knowledge. It's just as an experienced marijuana smoker, i believe the majority of the weed in NYC and probably the whole United States has been altered scientifically. We used to only smoke regular "greens", but now we have everything from "Purple Kush" to "Sour Diesel" to "Pineapple express"...Blueberry this Rasberry that. It is not the same weed Bob Marley promoted. I believe It causes long term memory loss, it suppresses dreams, and can become an addiction. I also believe how ever that it does expand thought and it does promote one to "Question everything".

We have seen plenty movies promoting marijuana in the past decade or two including "Cheech And Chong", "Pineapple Express", "How High". "Harold And Kumar"(Starring Kal Pen who was designated as working in "Public engagement" for the White House, not to mention the last installment part 3, which is an attack on Christianity and the Family unit)...It seems as if the Elite needs us to smoke weed now. In my area most teens smoke it, even teens as young as 13. And it is hard for most to socialize without getting high. Also another problem I have seen with pot smokers is that as a parent, you should not be high while dealing with

your kids. Your conscious mind is altered, depending on your personality though, you start to become a different person when high all the time.

Though it may kill cancer cells, smoking it with "Dutch" paper is almost the same as smoking cigarettes. And thats what everybody smokes it with in NYC. My point is, I think this legalization talk is propaganda to keep the sheople public dumbed down and ignorant. If it really did cure cancer why is it being promoted so much and why is everybody smoking it? Either it doesnt, OR the weed everybody is smoking has been altered in some way, OR they need us smoking it with their government made "Dutch" and "Bamboo" paper(which are giving us cancer). Im not sure which is the correct answer.

Great article though! Free the Weed!
