 Ever want to know what a documentary that spits the truth about the rating agency scam and overall Ponzi would look like if it actually aired on international TV???

Third Aircraft Carrier Group Coming To Iran

Submitted by Tyler Durden on 01/30/2012 08:25 -0500

Iran Kuwait

For months now we have been following US naval developments and deployments in the Arabian Sea, which serve one purpose and one purpose only - to demonstrate US military strength in the Straits of Hormuz region and to keep Iranian 'offensive passions' subdued. Yet never has the US had a total of three aircraft carrier groups in the vicinity, always topping out at 2 in the Bahrain-based Fifth Fleet, most recently these being the CVN-70 Vinson and CVN 72 Lincoln, with a third boat present merely until a rotation in or out of the theater of operations was complete. That is about to change, and with it the prevailing price of Brent, which we are confident is about to take a new step wise price higher as the US makes it all too clear what the endgame is, because as Naval Today reports, the "US navy to deploy third carrier group to Persian Gulf", probably the CVN-77 George H.W. Bush which departed Norfolk two weeks ago according to the [most recent naval update](#), or any other Norfolk-stationed aircraft carrier: there is a wide selection to chose from.

From [Naval Today](#):

US Navy to Deploy Third Carrier Group to Persian Gulf

The carrier group based in Norfolk, VA will also include a guided missile cruiser and three guided missile destroyers, reports Interfax.

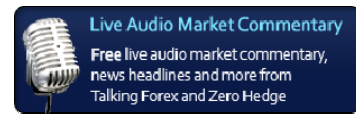

USS *Abraham Lincoln* had already entered the Persian Gulf via the Strait of Hormuz on Jan 22. She is escorted by a guided missile cruiser and two destroyers (USN), one British and one French warships.

Meanwhile, another US Navy's carrier strike carrier group headed by USS *Carl Vinson* is stationed eastward the Strait of Hormuz, in northern part of the Arabian Sea washing southwest coast of Iran.

At present, the US has 15,000-men force deployed in Kuwait, expeditionary marine battalion, and amphibious landing group.

It really is Psycopath oil-e-Garchy versus the rest of the world eh?

Cannon-fodder being lined up in the line of fire for whatever mad scheme some oil addled mind has dreamt up to extend their cancerous "Rule" just a little longer.

Anyone reading this brave enough, courageous enough, open-minded enough, sharp enough to actually try and DO something about this Oily grip around our collective throats?

Anyone?

Oil and water do not mix for very good reason.

'Anyone reading this brave enough, courageous enough, open-minded enough, sharp enough to actually try and DO something about this Oily grip around our collective throats?'

What do you suggest? I'm still in the information gathering phase. My personal solution is to distance myself from this whole mess. I have little confidence in the American character, in fact, I confess that I was on the other side of many of these arguments just a few years ago. Spending some time in 'Holy Land' and seeing just how much love Israeli's had for Christians was the wake up call for me.

I am unable to gauge the level of awareness of the American populace as a whole. What I foresee is a collapse economic system in general that will enable the media to stampede the goyim. Hell perhaps it's time to invade Canada and Mexico. Everyone knows they're up to no good.

great comment t_1!

the pathetic loser with whom you are in "dialogue" [LOL!!!] may be a while getting back to help you with what you should do, now

he is off spamming the balticDry string, jumping it, to post (paste from balticDry):

So I'll ask again....

Anyone reading this brave enough, courageous enough, open-minded enough, sharp enough to actually try and DO something about this Oily grip around our collective throats?

Anyone?

hard to believe, rilly

as i have tried to point out for many moons now, if you look at this somewhat objectively, i think one would pretty much hafta conclude that this oreo clown may be a huge security risk for this site, but only for those who **wish to engage in anonymous free speech** here on zH, since virtually all of his "activity" here is disruptive and disrespectful of same

the fukFaceB, puffHo, "social networkking" and "group think"/"read my blog" spammer types **HERE on zH** probably have no idea what i'm talkin about, tho. they probably think oreo is not a pathetic loser, too... prob b/c he has "his own" blog? LOL!!!

oreo is a troll; as long as he exhibits "troll-like" spamming tendencies and has a website which requires

an e-mail to comment upon, treat him like the POS he is acting like, here, BiCheZ!

if you don't know the difference between tylerD and orea, you don't know shit from shinola yourself

that's not meant for you, personally, t_1; but for the readership, here; i get what you're saying

trust me

the last time you tried to tag me as a hater, a said i don't hate you ORI

but you may well be following a "script" here, as we can all, of course, see for ourselves. again

i hate your spamming, that's all! and i rilly, rilly dooo **hate** what you do to zeroHedge, you pathetic little asswipe!

that's all, really. trolling unmercifully and "arranging" things off-site for others, here. you don't think anyone sees this as "news" do you?

if you and your zH "friends" are not capable of grasping that "fact", does **that** make **me** an asshole?

you characterize me as an "ankle biter" **AWAY FROM ZEROHEDGE?** LOL!!! what a coward!

tell ya what toy-boy: are you too much of a coward to accept the slewie challenge?

i'll bet you are! howzabout a **deathMatch™** oreo?

terms: you either stop jumping the strings to spam the site OR you agree to let tyler choose between us, and toss one of us, forever [or whatever else he might choose to do to school a little BiCh like you, toy-boy]

whatcha gonna do? huh?

no hurry, take your time and try thinking about what you're doing HERE for a change, ok?

you either behave here, roll the dice w/ slewie (& tyler) or pretend you're not a worthless, gutless coward while trying to avoid REALITY for another n-thousand trolling trips here

CHOOSE!
